STIMULATION without IRRITATION
Means New Life to the Scalp.

The Evans Vacuum Cap gives the scalp a thorough massage and encourages a *free* and healthful circulation without rubbing and without the use of drugs or irritants. It will stop hair from falling out and restore a normal growth where live follicles exist. The Cap is used about ten minutes twice a day and its effects are pleasant from the very beginning. We will refund your money in full if results are not satisfactory after a thirty days' use. Call on or address

Roof Leak?
Elliott's Durable Asphalt Coating
(Is composed of pure Utah Asphalt, prepared Linseed-Oil and Pine Creosote)

applied on an old leaky shingle, tin or felt roof will make it absolutely waterproof. Stops the rusting process in tin or iron, and stops warping or rotting of shingles. Will add ten years to the life of a new or old roof.

¶ ROOF LEAK is the most durable sun or winter proof paint or coating possible to make. Does not crack in winter or soften in summer. Easily applied. Imparts no taste to water.

¶ ROOF LEAK SHINGLE DIP renders the wood absolutely weatherproof, and when the shingles are nailed on the roof they become cemented together so tightly that warping which causes cracked shingles and loose nails is positively prevented.

¶ ROOF LEAK is shipped in the heavy liquid cement form, and is applied as received on worn and leaky surfaces. It is reduced with one quart of boiled linseed-oil to each gallon if used as a durable paint on surfaces in good condition. Shingle Dip is shipped ready for dipping.

¶ ROOF LEAK COATING AND ROOF LEAK SHINGLE DIP are made in Black, Maroon and Dark Green. Five gallons up to any quantity, 75c. per gallon, freight paid east of Denver. Returnable at our expense if not approved.

¶ ROOF LEAK is sold by up-to-date paint and hardware dealers Those who try to sell you something else are not doing you justice, because "there is nothing else like ROOF LEAK."

¶ Liquid samples, together with an interesting booklet showing its various uses, will be sent on request, or to enable you to give it a practical test, we will send you for $1.00, delivered free to your door, one gallon, which is sufficient for cementing 100 square feet of leaky surface, or painting 200 square feet. One gallon of Shingle Dip covers about 400 square feet, shingles both sides.
