SUMENUM'S PATENT. WOODWORTH PLANERS And bc. S. wing Machines, Wood and Iron Working Machinery, Kngines, Bollers, ec. JOHN B. SCHENOE'S SONS, Matteawan, N. Y. and 118 Liberty St., New York.

The publishers of the Scientific American have acted as solicitors of patents in the United States and foreign countries for morethan a quarter of a cen More than FIFTY THOUSAND inventors have availed themselves of their services. All patents secured through this agency receive a special notice in the SCIENTIFIC AMERICAN, which frequently attracts pur-

chasers for the patent.
Inventions examined, and advice as to patentability free Patents obtained in the best manner, and with as little delay as possible.

Caveats prepared from either model or drawings, and

fled in the Patent Office at short notice.

Special examinations as to the patentability of inventions made, at the Patent Office, on receipt of model or drawing and description; cost for this search and re-

Trade Marks.—The necessary papers for securing protection to manufacturers and merchants in this . country and abroad are prepared at this office.

Design Patents, for protecting artists and designers of any new ornamental work, are quickly and cheaply obtained through this office.

Copyrights obtained. Foreign Patents are solicited in all countries where patent laws exist. Pamphlets, containing the cost and full particulars, mailed on application.

Canada Patents.—Canada is one of the best countries for patents. The cost depends upon the length of time for which a patent is desired. Full particulars by mail on application.

We shall be happy to confer with inventors, examine their models and drawings, and advise with them as to obtaining patents without consultation fee. Every kind of information pertaining to patents, at home or abroad checrfully given.

Send for pampilet, 110 pages, containing laws and f directions for obtaining patents. Address

THE CHAMPION SILVER-STEEL

SPRING MATTRESS, now greatly improved, has been before the public for several years, and continues to occupy its unitvalled position in the trade, as the BEST BED ever produced. It presents the rich and elegant appearance of sliver, and is the softest, essiest, cheapest, and most durable Spring Bed in market. Wholly composed of tenacious tempered steel springs, so united that the pressure is equally distributed. Easily litted, turned, or rolled up. Both sides alike. No frame, no wooden slavs, no tow stuffing, no straps. May be used on floor without bedistead. No under bed required. Needs only balf the thickness of hair mattress. More springs for your money in this bed than in any other. Unequalled for hotels. Any sizes made to order. Send for pictorial circular. Retail price of double bed, \$13. Shipped, by single bed or quantity, to all parts of the world. Liberal discount to the trade. Sold by leading dealers in all parts of the country. Refer to York, Gould & Co.. Halfafelphia. Pa., Gilbert & Sons, Jorwiten, Conn, Bowditch & Co., New Makers, 246 Canal St., near Broadway. New York.
