No trouble—Simple—Convenient—and gives great satisfaction. Price \$2. Liberal discount to the trade. Great inducements to agents. Circulars free. P. DEL VALLE HALSEY 122 Church St., New York.

SUMMER TRAVEL.

The season of business and pleasure travel being now at its height, we respectfully suggest the propriety of obtaining a General Accident Policy in

"THE TRAVELERS"

of Hartford, Conn., the oldest and best Company in America writing yearly or monthly policies of insurance against general accidents of business or occupation, as well as accidents of travel.

"THE TRAVELERS"

also grants all forms of full Life and Endowment Insurance, and offers peculiar inducements in its sensible all-cash plan, in its definite, straight-forward contract, its ample security, its low premiums, and its good management.

JAS. G. BATTERSON, President. RODNEY DENNIS, Secretary.

New York Office, 207 Broadway.

PATENTS

The publishers of the SCIENTIFIC AMERICAN have acted as solicitors of patents in the United States and foreign countries for more than a quarter of a century. More than FIFTY THOUSAND inventors have availed themselves of their services. All patents secured through this agency receive a special notice in the SCIENTIFIC AMERICAN, which frequently attracts purchasers for the patent.

Inventions examined, and advice as to patentability free. Patents obtained in the best manner, and with as little delay as possible.

Caveats prepared from either model or drawings, and filed in the Patent Office at short notice.

Special examinations as to the patentability of inventions made, at the Patent Office, on receipt of model or drawing and description; cost for this search and report, \$5.

Trade Marks.—The necessary papers for securing protection to manufacturers and merchants in this country and abroad are prepared at this office.

Design Patents, for protecting artists and designers of any new ornaments work, are quickly and cheaply obtained through this office.

Copyrights obtained.

Foreign Patents are solicited in all countries where patent laws exist. Pamphlets, containing the cost and full particulars, mailed on application.

Canada Patents.—Canada is one of the best countries for patents. The cost depends upon the length of time for which a patent is desired. Full particulars by mail on application.

We shall be happy to confer with inventors, examine their models and drawings, and advise with them as to obtaining patents without consultation fee. Every kind of information pertaining to patents, at home or abroad cheerfully given.

Send for pamphlet, 110 pages, containing laws and full directions for obtaining patents. Address

CHASE'S Pipe-Cutting and Threading Machine.

This important tool is designed to fill a want long felt by STEAM AND GAS FITTERS, and MACHINISTS, for cutting and threading pipes rapidly and cheaply. An apprentice boy, with one of these, can do more work than two men with old appliances, under the old system. NO PIPE SPLITTING! NO BEVEL INSIDE OR OUT! It cuts threads and makes nipples for all sizes of pipes, from 1/4 to 2 inches. Weighs only 100 lbs. Stronger than any machine made. A full set of collars and lengths for making nipples goes with the machine. Address

PROSPECTUS OF THE SCIENTIFIC AMERICAN. THE BEST MECHANICAL PAPER IN THE WORLD. TWENTY-NINTH YEAR. VOLUME XXXI.—NEW SERIES.

The publishers of the SCIENTIFIC AMERICAN beg to announce that on the fourth day of July, 1874, a new volume commences. It will continue to be the aim of the publishers to render the contents of the new volume more attractive and useful than any of its predecessors.

The SCIENTIFIC AMERICAN is devoted to the interests of Popular Science, the Mechanic Arts, Manufactures, Inventions, Agriculture, Commerce, and the industrial pursuits generally; and it is valuable and instructive not only in the Workshop and Manufactory, but also in the Household, the Library, and the Reading Room.

The best Mechanical Paper in the World! A year's numbers contain over 800 pages and several hundred engravings of new machines, useful and novel inventions, manufacturing establishments, tools, and processes.

To the Mechanic and Manufacturer! No person engaged in any of the mechanical pursuits should think of doing without the SCIENTIFIC AMERICAN. Every number contains from six to ten engravings of new machines and inventions which cannot be found in any other publication.

TERMS. One copy, one year..... \$3.00 One copy, six months..... 1.50 One copy, four months..... 1.00 One copy of Scientific American for one year, and one copy of engraving, "Men of Progress"..... 10.00 One copy of Scientific American for one year, and one copy of "Science Record" for 1874..... 5.00 Remit by postal order, draft or express. The postage on the Scientific American is five cents per quarter, payable at the office where received. Canada subscribers must remit, with subscription, 25 cents extra to pay postage. Address all letters and make all Post Office orders and drafts payable to

MUNN & CO., 37 PARK ROW NEW YORK.

The "Scientific American" is printed with CHAS. ENEU JOHNSON & CO.'S INK. Tenth and Lombard Sts., Philadelphia, and 59 Gold St., New York.
