facturers had to pay Howe a royalty, and he derived from that apparently trivial item an immense income.

We therefore recommend any person who is about to purchase a patent, or about to commence the manufacture of any article under a license, to have the patent carefully examined by a competent party, and to have a research made in the Patent Office to see what the condition of the art was when the patent was issued. He should also see that the claims are so worded as to cover all the inventor was entitled to when his patent was issued; and it is still more essential that he be informed whether it is an infringement, as above suggested, or not. Parties desiring to have such searches made can have them done through the Scientific American Patent Agency, by giving the date of the patent and stating the nature of the information desired. For further information, address

MUNN & CO.,
 37 PARK ROW, New York.

Advertisements.

Inside Page, each insertion - - - 75 cents a line.
 Back Page, each insertion - - - \$1.00 a line.

Engravings may be made at the same rate per line, by measurement, as the letter press. Advertisements must be received at publication office as early as Friday morning to appear in next issue.

Send Stamp for Descriptive Circular and Illustrate a List of Designs for
 BRACKETS, EASELS,
 FRAMES, &c.

TRUMP BROS. M'rs.
 Wilmington, Del.

INVALIDITY OF STATE LAWS
 CONCERNING THE SALE OF PATENTS.

All laws of State legislatures that in any manner interfere with the free sale of Patent rights, such as the requiring of the agent or patentee to file copies of patent, take licenses, procure certificates, comply with forms, or which release the payee of ordinary notes of hand given for patents, have been declared unconstitutional and void by the United States Courts. All State judges, sheriffs, or other State officials, who undertake to enforce such laws, or their agents in the free sale of patents, make themselves liable in damages and other punishment. The decisions of the United States Courts on these points are given in SCIENTIFIC AMERICAN SUPPLEMENT, No. 25. Price 10 cents. To be had at this office and of all newsdealers.

CENTENNIAL MILLS.
 Harrison's Standard Flouring and Grinding Mills

Excel all others in Machinery Hall in the quantity and quality of flour and meal produced, and are ahead of the age. Prices 50 per cent below any others in the market.

Millers and others are invited to examine their peculiarities. Call on or address

EDWARD HARRISON,
 Post 59, Sec. E. No. 8, Machinery Hall, Philadelphia, Pa.

HOW TO BUILD CHEAP BOATS. By Paddefast. A series of articles showing how any person may build a boat, with economy. Each article is accompanied by drawings and diagrams, with minute directions, dimensions, &c.

No. 1. The Three-Dollar Skow.—Directions for construction, with 7 illustrations. Contained in SCIENTIFIC AMERICAN SUPPLEMENT, No. 25. Price 10 cents.

No. 2. The Five-Dollar Rowing Skiff.—With full directions for construction. 13 illustrations. Contained in SCIENTIFIC AMERICAN SUPPLEMENT, No. 26.

No. 3. A Fourteen-Dollar Sailing Skiff.—With 14 illustrations. Full directions for construction of boat, center board, rudder, mast, etc. Contained in SCIENTIFIC AMERICAN SUPPLEMENT, No. 29. Price 10 cents.

No. 4. A Twelve-Dollar Row Boat.—14 illustrations. Illustrates the construction of a graceful ribbed boat, light weight. Shows the method of securing good lines, how to bend and arrange the ribs, dimensions of all the parts, and directions for construction in full. Contained in SCIENTIFIC AMERICAN SUPPLEMENT, No. 30.

All the above numbers of Supplement to be had at this Office and of all Newsdealers.

HARVARD UNIVERSITY DENTAL SCHOOL. The next year of this school begins under the new plan, Sept. 28, 1876, and ends June 27, 1877, with a recess of one week at Christmas and another in February. The teaching is consecutive through a course of two years, the instruction of one year not being repeated in the next; that of the first year being identical with that of the Harvard Medical School and by the same Professors. By this plan the amount of instruction given is double that of any other strictly dental school, and at slightly increased cost. For information, address THOMAS H. CHANDLER, Dean, 222 Tremont Street, Boston, Mass.
