Munn & Co'.s Patent Offices.

The Oldest Agency for oliciting Patents in the United States.

THIRTY YEARS' EXPERIENCE.

MORE PATENTS have been secured through this agency, at home and abroad, than through any other in

They employ as their assistants a corps of the most experienced men as examiners, specification writers, and draughtsmen, that can be found, many of whom have been selected from the ranks of the Patent Office

SIXTY THOUSAND inventors have availed themselves of Munn & Co.'s services in examining their inventions and procuring their patents.

MUNN & Co., in connection with the publication of

the SCIENTIFIC AMERICAN, continue to examine inventions, confer with inventors, prepare drawings, specifications, and assignments, attend to filing applications in the Patent Office, paying the Government fees, and watch each case, step by step, while pendingbeforethe examiner. This is done through their oranch office, corner F and 7th Sts., Washington. They also prepare and tile caveats, procure design patents, trade marks, and reissues, attend to rejected cases (prepared by the inventor or other attorneys) procure copyrights, attend to interferences, ive written opinions on matters of infringement, furnish copies of patents, and, in fact, attend to every branch of patent business, both in this and in foreign countries.

special notice is made in the SCIENTIFIC AMER-ICAN of all inventions patented through this agency, with the name and residence of the putentee. Patents are often sold, in part or whole, to persons attracted to the invention by such notice.

Patents obtained in Canada, England, France, Belgium Germany, Russia, Prussia, Spain, Portugal, the British Colonies, and all other countries where patents are ranted, at prices greatly reduced from former rates. Send for pamphlet pertaining specially to foreign patthe cost quirements for each country.

Copies of Patents

Persons desiring any patent issued from 1836 to November 26, 1867, can be supplied with official copies at reasonable cost, the price depending upon the extent of drawings and length of specifications.

Any patent issued since November 27, 1867, at which time the Patent Office commenced printing the drawings and specifications, may be had by remitting to this of fice \$1.

A copy of the claims of any patent issued since 1638 will be furnished for \$1.

When ordering copies, please to remit for the same as above, and state name of patentee, title of invention, and date of patent.
