

A MAN OF A THOUSAND.

Having discovered, in a manner which might be considered almost providential, a positive cure for Consumption and all Lung Complaints, I feel it my duty to make it known in a practical manner by furnishing a simple bottle, free of charge, to all sufferers, my only hope of remuneration being that the medicine will perform all I claim for it.

WROUGHT IRON BEAMS & GIRDERS. THE UNION IRON MILLS, Pittsburgh, Pa., Manufacturers of improved wrought iron Beams and Girders (patented). The great fall which has taken place in the prices of iron and especially in Beams used in the construction of FIRE PROOF BUILDINGS, induces us to call the special attention of Engineers, Architects, and Builders to the undoubted advantages of now erecting Fire Proof structures; and by reference to pages 52 & 54 of our Book of Sections - which will be sent on application to those contemplating the erection of fire proof buildings - THE COST CAN BE ACCURATELY CALCULATED, the cost of Insurance avoided, and the serious losses and interruption to business caused by fire; these and like considerations fully justify any additional first cost. It is believed, that were owners fully aware of the small difference which now exists between the use of Wood and iron, that in many cases the latter would be adopted. We shall be pleased to furnish estimates for all the Beams complete, for any specific structure, so that the difference in cost may at once be ascertained. Address CARNEGIE, BROS. & CO., Pittsburgh, Pa.

\$290. FOR BEST PIANOS IN THE WORLD - in use all over the U. S. in over 900 towns by persons who will find in our Illustrated Circular, probably residents of your own place, or very near where you can try our pianos. Genuine Rosewood - overstrung - full iron plate - 7-1-3 octaves - A-grade - and possessing every improvement known, and warranted 5 years by a responsible incorporated Manufacturing Co., referring by permission to the Chemical National Bank, New York City, by far the strongest bank in America. Pianos sent everywhere on trial. We have no agents. Send for Illustrated Circular giving full particulars. Address UNITED STATES PIANO COMPANY, (Please name this paper.) 818 Broadway, New York.

PATENTS. [ESTABLISHED 1846.] MUNN & Co.'s Patent Offices.

The Oldest Agency for eliciting Patents in the United States.

MORE PATENTS have been secured through this agency, at home and abroad, than through any other in the world. They employ as their assistants a corps of the most experienced men as examiners, specification writers, and draughtsmen, that can be found, many of whom have been selected from the ranks of the Patent Office. SIXTY THOUSAND inventors have availed themselves of Munn & Co.'s services in examining their inventions and procuring their patents. MUNN & CO., in connection with the publication of the SCIENTIFIC AMERICAN, continue to examine inventions, confer with inventors, prepare drawings, specifications, and assignments, attend to filing applications in the Patent Office, paying the Government fees, and watch each case, step by step, while pending before the examiner. This is done through their branch office, corner F and 7th Sts., Washington. They also prepare and file caveats, procure design patents, trade marks, and reissues, attend to rejected cases (prepared by the inventor or other attorneys), procure copyrights, attend to interferences, give written opinions on matters of infringement, furnish copies of patents, and, in fact, attend to every branch of patent business, both in this and in foreign countries.

A special notice is made in the SCIENTIFIC AMERICAN of all inventions patented through this agency, with the name and residence of the patentee. Patents are often sold, in part or whole, to persons attracted to the invention by such notice. Patents obtained in Canada, England, France, Belgium, Germany, Russia, Prussia, Spain, Portugal, the British Colonies, and all other countries where patents are granted, at prices greatly reduced from former rates. Send for pamphlet pertaining specially to foreign patents, which states the cost, time granted, and the requirements for each country.

Copies of Patents. Persons desiring any patent issued from 1836 to November 26, 1867, can be supplied with official copies of reasonable cost, the price depending upon the extent of drawings and length of specifications.

Any patent issued since November 27, 1867, at which time the Patent Office commenced printing the drawings and specifications, may be had by remitting to this office \$1.

A copy of the claims of any patent issued since 1839 will be furnished for \$1.

When ordering copies, please to remit for the same as above, and state name of patentee, title of invention, and date of patent.

A pamphlet, containing full directions for obtaining United States patents, sent free. A handsomely bound Reference Book, gilt edges, contains 100 pages and many engravings and tables imported to every patentee and mechanic, and is a useful hand-book of reference for everybody. Price 25 cents, mailed free. Address MUNN & CO., Publishers SCIENTIFIC AMERICAN, 37 Park Row, N. Y. BRANCH OFFICE - Corner of F and 7th Streets, Washington, D. C.
