THE UNION IRON MILLS, Pittsburgh, Pa. Manufacturers of improved wrought iron Beams and

facturers of improved wrought iron Beams and Girders (patented).

The greatfall which has taken place in the prices of Iron, and especially in Beams used in the construction of FIRE PROOF BUILDINGS, induces us to call the special attention of Engineers, Architects, and Builders to the undoubted advantages of now creeting Fire Proof structures; and by reference to pages 52 & 36 of our Book of Sections—which will be sent on application to those contemplating the erection of fire proof buildings—"HE COST CAN BE ACCURATELY CALCULATED, the cost of Insurance avoided, and the serious losses and interruption to business caused by fire; these and if e consideration at the serious losses and interruption to business caused by fire; these and if e considerations fully justify any additional first cost. It is believed, that, were owners fully aware of the small difference which now exists between the use of Wood and Iron, in many cases the latter would be adopted. We shall be pleased to furnish estimates for all the Beams complete, for any specific structure, so that the difference in cost may at once be ascertained.
