THE BACKUS WATER MOTOR

Is the most economical power known for driving light machinery from HYDRANT PRESSURE. POWER given from what is required to run a sewing machine up to six and eight H. P., depending on pressure of water. It takes little room, never gets out of repair, cannot blow up, requires no fuel, and needs no engineer.

Scroll Saws, Grindstones, Coffee Mills, Sawage Machines, Feed Cutters, Corn Mills, Elevators, etc. Four-horse power at 40 pounds pressure of water. Is noiseless, neat, compact, steady, and, above all, very cheap.

THE Scientific American, Export Edition. PUBLISHED MONTHLY.

The Scientific American, Export Edition, is a large and splendid periodical, issued once a month, forming a complete and interesting monthly record of all Progress in Science and the Useful Arts throughout the World. Each number contains about one hundred large and small pages, profusely illustrated, embracing: (1.) Most of the plates and pages of the four preceding issues of THE SCIENTIFIC AMERICAN, with its splendid engravings and valuable information. Every number has from seventy-five to one hundred new engravings, showing the most recent improvements and advances in Science and the Industrial Arts. (2.) Prices Current, Commercial, Trade, and Manufacturing Announcements of Leading Houses. In connection with these Announcements many of the Principal Articles of American Manufacture are exhibited to the eye of the reader by means of splendid engravings, the whole forming an elegantly printed Standard Catalogue, or Permanent Directory, of the Latest and Best American-made Goods, always under the eye of the foreign buyer, constantly influencing his preferences and purchases. The Scientific American, Export Edition, has a large guaranteed circulation in all the principal Cities and Commercial Centers of the World. It is regularly received and filed for public examination by nearly all U. S. Consuls. Go into almost any American Consulate in any quarter of the globe, and the objects of greatest interest there to be found are the numbers of THE SCIENTIFIC AMERICAN. Foreign Merchants, Buyers of Goods, and others are always referred by the Consular Officials to the pages of this Journal, as containing the most recent announcements of the best reliable American Goods and Manufactures. THE SCIENTIFIC AMERICAN is also on file in the Principal Cafes, Club Rooms, and Exchanges. Among the regular subscribers for THE SCIENTIFIC AMERICAN, Export Edition, are leading Commercial Houses in foreign cities, Engineers, Directors of Works, Government Officials, and other prominent influential persons. Regular files of this paper are also carried on all the principal lines of STEAMSHIPS, foreign and coastwise, leaving the port of New York.

No export publication sent from the United States reaches so many readers as THE SCIENTIFIC AMERICAN, Export Edition. It is by far the most splendid, satisfactory, and superior Export Journal ever brought before the public. Its pages are so arranged as to permit the publication, at very low prices, of large and handsomely displayed advertisements of American Goods and Manufactures, with Engravings, which are always attractive to foreign purchasers. THE SCIENTIFIC AMERICAN, Export Edition, already enjoys the advertising patronage of many of the Great Manufacturing Establishments of this Country, who find it to be an UNRIVALED MEDIUM FOR SECURING NEW ORDERS AND EXTENDING TRADE. If you wish to increase your business, try a handsome advertisement for one year, continuously, in THE SCIENTIFIC AMERICAN, Export Edition. Rates, \$550 a year for a full page; half page, \$300; quarter page, \$175; one-eighth page, \$100. Half-yearly rates in slightly increased proportion. Published about 20th of each month. Single numbers of THE SCIENTIFIC AMERICAN, Export Edition, 50 cents. To be had at this office and at all the news stores. Subscriptions, Five Dollars a year; sent, postpaid, to all parts of the world. MUNN & CO., PUBLISHERS, 37 PARK ROW, NEW YORK.

PATENTS. CAVEATS, COPYRIGHTS, TRADE MARKS, ETC.

Messrs. Munn & Co., in connection with the publication of the SCIENTIFIC AMERICAN, continue to examine Improvements, and to act as Solicitors of Patents for Inventors.

In this line of business they have had over THIRTY YEARS' EXPERIENCE, and now have unequalled facilities for the preparation of Patent Drawings, Specifications, and the Prosecution of Applications for Patents in the United States, Canada, and Foreign Countries. Messrs. Munn & Co. also attend to the preparation of Caveats, Trade Mark Regulations, Copyrights for Books, Labels, Reissues, Assignments, and Reports on Infringements of Patents. All business intrusted to them is done with special care and promptness, on very moderate terms.

We send free of charge, on application, a pamphlet containing further information about Patents and how to procure them; directions concerning Trade Marks, Copyrights, Designs, Patents, Appeals, Reissues, Infringements, Assignments, Rejected Cases, Hints on the Sale of Patents, etc.

Foreign Patents.—We also send, free of charge, a Synopsis of Foreign Patent Laws, showing the cost and method of securing patents in all the principal countries of the world. American inventors should bear in mind that, as a general rule, any invention that is valuable to the patentee in this country is worth equally as much in England and some other foreign countries. Five patents—embracing Canadian, English, German, French, and Belgian—will secure to an inventor the exclusive monopoly to his discovery among about ONE HUNDRED AND FIFTY MILLIONS of the most intelligent people in the world. The facilities of business and steam communication are such that patents can be obtained abroad by our citizens almost as easily as at home. The expense to apply for an English patent is \$75; German, \$100; French, \$100; Belgian, \$100; Canadian, \$50.

Copies of Patents.—Persons desiring any patent issued from 1836 to November 26, 1867, can be supplied with official copies at reasonable cost, the price depending upon the extent of drawings and length of specifications. Any patent issued since November 27, 1867, at which time the Patent Office commenced printing the drawings and specifications, may be had by remitting to this office \$1.

A copy of the claims of any patent issued since 1836 will be furnished for \$1.

When ordering copies, please to remit for the same as above, and state name of patentee, title of invention, and date of patent.

A pamphlet, containing full directions for obtaining United States patents sent free. A handsomely bound Reference Book, gilt edges, contains 140 pages and many engravings and tables important to every patentee and mechanic, and is a useful hand book of reference for everybody. Price 25 cents, mailed free.
