## PATENTS

CAVEATS, COPYRIGHTS, LABEL

REGISTRATION, ETC.

Messrs. Munn & Co., in connection with the publica-

tion of the SCIENTIFIC AMERICAN, continue to examine

Improvements, and to act as Solicitors of Patents for

Inventors.

In this line of business they have had OVER THIRTY

YEARS' EXPERIENCE, and now have unequalled facilities

for the Preparation of Patent Drawings, Specifications,

and the Prosecution of Applications for Patents in the

United States, Canada, and Foreign Countries. Messrs.

Munn & Co. also attend to the preparation of Caveats,

Registration of Labels, Copyrights for Books, Labels,

Reissues, Assignments, and Reports on Infringements

of Patents. All business intrusted to them is done

with special care and promptness, on very moderate

terms.

We send, free of charge, on application, a pamphlet

containing further information about Patents, and how

to procure them; directions concerning Labels, Copy-

rights, Designs, Patents, Appeals, Reissues, Infringe-

ments, Assignments, Rejected Cases, Hints on the Sale

of Patents, etc.

## Foreign Patents.—We also send, free of charge, a

Synopsis of Foreign Patent Laws, showing the cost and

method of securing patents in all the principal coun-

tries of the world. American inventors should bear in

mind that, as a general rule, any invention that is valu-

able to the patentee, in this country is worth equally as

much in England and some other foreign countries.

Five patents—embracing Canadian, English, German,

French, and Belgian—will secure to an inventor the ex-

clusive monopoly to his discovery among about ONE

HUNDRED AND FIFTY MILLIONS of the most intelligent

people in the world. The facilities of business and

steam communication are such that patents can be ob-

tained abroad by our citizens almost as easily as at

home. The expense to apply for an English patent is

\$75; German, \$100; French, \$100; Belgian, \$100; Cana-

dian, \$50.

## Copies of Patents.—Persons desiring any patent

issued from 1836 to November 20, 1866, can be supplied

with official copies at reasonable cost, the price de-

pending upon the extent of drawings and length of

specifications.

Any patent issued since November 20, 1866, at which

time the Patent Office commenced printing the draw-

ings and specifications, may be had by remitting to

this office \$1.
