ROCHESTER, N. Y. & CHICAGO, ILL
179-183 East Main St. 200-206 Randolph St

GLADWIN IMPROVED BIT OR AUGER.
This Bit will bore through all hard, knotty or gummy woods without being withdrawn. The worm will not clog, owing to the continuance of the channel of the Bit to the extreme point of the worm, enabling it to cut its way and clear itself of shavings, but not injuring its qualities as a screw. This auger or bit having a worm or spur. Dealers, send for price-list for refitting stock on hand (stating quantity and sizes) and for the Gladwin Bits.
GARDNER & CHANDLER, Gen'l Agents,
1321 Washington St., Boston, Mass.

VARIABLE CUT OFF ENGINE, 25 TO 50 %
MINERAL WOOL.
This fireproof and indestructible material successfully prevents loss of heat by radiation, keeps frost from water pipes, deadens sound, checks spread of fire in walls, partitions, floors of dwellings. 25 cts. per cubic foot.
U. S. MINERAL WOOL CO., 16 Cortlandt St., N. Y.

GET THE BEST AND CHEAPEST.
Silver Finish.
J. A. FAY & CO.,
(Cincinnati, Ohio, U. S. A.)
Exclusive Agents and Importers for the United States, of the
PERIN BAND SAW BLADES,
Warranted superior to all others in quality, finish, uniformity of temper, and general durability. One Perin Saw outwears three ordinary saws.

MOVABLE DAM WITH SWINGING
Wickets and Trestles.—General description of a new system of movable dams constructed at La Mulatiere, Lyons, France—an improvement on and modification of the Chaudine plan, peculiarly adapted for use on many of our American rivers. With nine engravings, showing: Transverse section, general plan and upstream elevation of the dam; mode of lowering and raising the uprights; method of maneuvering the wickets; maneuver of the trestles; plans of the new double-step hurter; view of a portion of the navigable pass of the dam recently finished at La Mulatiere, on the river Saone. Contained in SCIENTIFIC AMERICAN SUPPLEMENT, No. 264. Price 10 cents. To be had at this office and from all newsdealers.

PATENTS.
MESSRS. MUNN & CO., in connection with the publication of the SCIENTIFIC AMERICAN, continue to examine Improvements, and to act as Solicitors of Patents for Inventors.

In this line of business they have had *thirty-five years' experience*, and now have *unequaled facilities* for the preparation of Patent Drawings, Specifications, and the prosecution of Applications for Patents in the United States, Canada, and Foreign Countries. Messrs. Munn & Co. also attend to the preparation of Caveats, Copyrights for Books, Labels, Reissues, Assignments, and Reports on Infringements of Patents. All business intrusted to them is done with special care and promptness, on very reasonable terms.

A pamphlet sent free of charge, on application, containing full information about Patents and how to procure them; directions concerning Labels, Copyrights, Designs, Patents, Appeals, Reissues, Infringements, Assignments, Rejected Cases, Hints on the Sale of Patents, etc.

We also send, *free of charge*, a Synopsis of Foreign Patent Laws, showing the cost and method of securing patents in all the principal countries of the world.

MUNN & CO., Solicitors of Patents,
261 Broadway, New York.
BRANCH OFFICE—Corner of F and 7th Streets, Washington, D. C.
