WILLIAMS' PORT PONY OR PANEL PLANNER.

For general use in Door Shops, Box and Furniture Manufacturing, for planing Door Panels, Cigar Box Stuff, and Furniture work, it has no equal.  
We use the Ellis Patent three part Journal Box and a solid forged steel head. Two pressure bars. Has a strong feed. Will plane from 1-16 to 6 inch thick. Weight, 1,400 lb. The lowest priced first-class planer in the market.  
**ROWLEY & HERMAN, Williamsport, Pa.**

INTERNATIONAL Electric Exhibition, VIENNA, 1883.

The Commission of the International Electric Exhibition in Vienna, 1883, gives due notice to the public that this Exhibition is to take place in the course of this year, to be opened on the 1st August and to be closed on the 31st October, and cordially invite Exhibitors and Visitors.  
The Regulations and the blanks necessary for Applications for space are to be had at the Austrian-Hungarian Consulate.  
The objects to be exposed will comprise all Machinery, Apparatus, and Implements connected with Electro-technic.  
It will certainly afford a good opportunity to inventors to show their latest improvements.  
This Exhibition is greatly favored by the Austrian Government, and will be held in the Rotunda of the well remembered Universal Exhibition of 1874.  
Exhibitors are requested to procure the necessary papers at once.

SPEAKING TELEPHONES.

**THE AMERICAN BELL TELEPHONE COMPANY,**  
W. H. FORBES, President.  
W. R. DRIVER, Treasurer.  
THEO. N. VAIL, Gen. Manager.  
Alexander Graham Bell's patent of March 7, 1876, owned by this company, covers every form of apparatus, including Microphones or Carbon Telephones, in which the voice of the speaker causes electric undulations corresponding to the words spoken, and which articulations produce similar articulate sounds at the receiver. The Commissioner of Patent and the U. S. Circuit Court have decided this to be the true meaning of his claim; the validity of the patent has been sustained in the Circuit on final hearing in a contested case, and many injunctions and final decrees have been obtained on them. This company also owns and controls all the other telephonic inventions of Bell, Edison, Berliner, Gray, Blake, Phelps, Watson, and others.  
(Descriptive catalogues forwarded on application.)  
Telephones for Private Line, Club, and Social systems can be procured directly or through the authorized agents of the company.  
All telephones obtained except from this company, or its authorized licensees, are infringements, and the makers, sellers, and users will be proceeded against. Information furnished upon application.  
Address all communications to the  
**AMERICAN BELL TELEPHONE COMPANY,**  
95 Milk Street, Boston, Mass.

SEND TO LONDON, BERRY & ORTON PHILA PA FOR THE BEST BAND SAW BLADE

PATENTS.

**MESSRS. MUNN & CO.,** in connection with the publication of the SCIENTIFIC AMERICAN, continue to examine Improvements, and to act as Solicitors of Patents for Inventors.

In this line of business they have had thirty-eight years' experience, and now have unequalled facilities for the preparation of Patent Drawings, Specifications, and the prosecution of Applications for Patents in the United States, Canada, and Foreign Countries. Messrs. Munn & Co. also attend to the preparation of Caveats, Copyrights for Books, Labels, Reissues, Assignments, and Reports on Infringements of Patents. All business entrusted to them is done with special care and promptness, on very reasonable terms.

A pamphlet sent free of charge, on application, containing full information about Patents and how to procure them; directions concerning Labels, Copyrights, Designs, Patents, Appeals, Reissues, Infringements, Assignments, Rejected Cases, Hints on the Sale of Patents, etc.

We also send, free of charge, a Synopsis of Foreign Patent Laws, showing the cost and method of securing patents in all the principal countries of the world.
