The World Electro Radiant MAGIC LANTERN
The body of the Electro Radiant is a coneshaped reflector which gathers each divergent ray of light and concentrates them all on the main reflector, whence the whole mass of brilliancy illuminates and projects the picture with startling clearness. No combination of lenses, however ingenious, has ever been known to produce equal effects with the light used. The cost of an outfit to enable you to do a profitable business is small compared with the amount of money it takes to do any other business. Anyone of ordinary intelligence can operate the \$10 to \$50 per night, may be earned by private Parlor, Sunday School, Academy or Public entertainments. For Public Entertainments, the possessor of an Electro Radiant has something that will 'draw' with the combined power of the Theatre, the Circus, the Prestidigitateur, the Country Fair, the Temperance Crusade, and the Camp Meeting. A room that will hold 100 persons may be filled nightly and a good profit be cleared. You have only to tack the sheet to the wall, darken the room, place Lantern on stand, light lamp, and you are ready to begin the exhibition. The Electro Radiant projects on the screen a Picture eight feet in diameter. \$10,000 were paid for the use of our Patent by the Grand Composite Exhibition. A room that it being considered the most wonderful light ever produced for the purpose. We have retained the exclusive right to make Magic Lanterns on the same principle, and the Electro Radiant is the result. The adjustment of Reflector, Lenses, Tubes, Slide, Rest and Cone are made with mathematical nicety. Optical laws governing such adjustments have been accurately calculated, so that you have in our Lanterns far more than appears, and we are placing within the reach of all, the advantages for LEARNING, AMUSEMENT and PROFIT. The Transparent Slides for these Lanterns embrace views illustrating wonderful natural scenes from different parts of the world. The Scripture Subjects from both the old and New Testaments. Temperance. Showing the folly and misery of the Drunkard. Art—Copies of famous Statues, Bas-reliefs, and Engravings. Miscellaneous—Such as Ships at Sea in a Storm, Steamboat Race, Fort Sumpter, Daylight, Scene, Moonlight, etc. History—Landing of Columbus. Declaration of Independence, Yankee Doodle, etc., Comic—Slide Splitters without number. You can add to your assortment at any time. Lantern with slides complete, packed in neat box, may be easily carried in hand.—The Electro Radiant No. 2 (shown in cut) with slides and fittings complete will be sent by express on receipt of \$12.00 or C. O. D. \$13.00 sent with order, purchaser paying the balance. \$9.00 at express office. Full instructions and list of other views sent with each Lantern. Send money order or registered letter, send all orders to

Syracuse Malleable Iron Works

The Imperial Dictionary.
Every scientific and professional man needs this great work. The St. James's Gazette, of London, best defines its usefulness when it says: "It is astonishing how many books of reference may be dispensed with by the student who has access to this admirable compilation." It has been called "the most useful book in the English language." It is an encyclopaedic lexicon—a dictionary of 130,000 words, but in its definitions going far beyond the province of a dictionary—into histories, etymologies, etc. The Philadelphia North American calls it "probably the most comprehensive and exhaustive work of the kind that has ever been placed before the English-speaking public." The price is only \$20 for the set of four handsome volumes, bound in cloth; or \$25 in the standard binding of russia backs and corners. The publishers are glad to send specimen pages on request. The Century Co., New York, N. Y.
