Mdvertisements.

Inside Page, each insertion - - - 75 cents a line. Back Page, each insertion - - - \$1.00 a line.

The above are charges per agate line—about eight words per line. This notice shows the width of the line, and is set in agate type. Engravings may head advertisements at the same rate per agate line, by measurement, as the letter press. Advertisements must be received at publication office as early as Thursdaymorning to appear in next issue.

LITTLE WONDERS.

Tools for Emery Wheels

And shaped Diamond Carbon Points, indispensable for Truing Porcelain, Hardened Steet, Chilled Iron, and Paper Calender Rolls. Practical Mechanics and Paper Makers using them pronounce these Points as marvel of the age for efficiency and durability, doing that which no steet tool can do. After turning the Rolls, when inspected by a microscope, there is no perceptible wear. They are now extensively used in Roll ing and Paper Mills, both in this country and in Europe.

The subscriber is "Identified" with the "Emery Wheel" trade since introducing the use of his Points and tools for the above purpose. Numerous composite wheels and newindustries have been created where their "value" has proved incalculable. Diamond Points reground and sharpened. Carbon Tools reset, and new Carbons furnished for the same. Also giadiamonds reset. Send number of Tool desired to DICKINSON. 64 Nassau St., N. Y.
