# Remarkable Success!! DR. SCOTT'S GENUINE ELECTRIC BELTS

Probably never since the nvention of Belts and Supporters has so large a invention of Belts and Supporters has so large a demand been created as now existed or Dr. Scott's Riectric Belt. Over seventeen thousand people in the city of New Yorkalone are now wearing them daily. They are recommended by the most learned physicians in the treatment of all Male and Female. Weakness. Nervous and General Debility, Itheumatism. Paralysis. Neuraigia. Scintica. Asthma. Dyspersis. Reviseins. Caterrh, Pilew, Epilepsy. Pains in the Head, Hips, Back, or Limbs, Diseases of Spine, Kidneys, Liver and Heart. It quickly restores impaired circulation.

There is no waiting a long time for results. Electromagnetism acts quickly; generally the first week, more frequently the first day, and often even during the first bour they are worn their wonderful curative powers are felt. The mind becomes active, the nerves and sluggist circulation are stimulated and all the old-time

The following are representative Testimon(a)s of the thousands we are receiving.
2121 Henrietta St., Phila.

Capacities 100 to 20,000 gallons per hour. Stare for what purpose wanted and send for Catalogue of "Pumps."

VAN DUZEN & TIFT, Cincinnati, O.

77E would call especial attention to the following articles now for the first time offered to the public, manufactured from this new material.

Vulcabeston, is composed of asbestos combined with water and acid proof materials vulcanized and compressed. It is manufactured exclusively by the Johns-Pratt Co., of Hartford, Conn, of which we are the sole agents.

Vulcabeston is superior to any other known material on account of its permanent resistance to heat and immunity from injury by acids, gases, etc., and is therefore invaluable for a variety of purposes. It can be made in any desired form. At present we are prepared to supply Soft, Medium, and Hard SHEET PACKING, all thicknesses, in sheets 40x40 inches, Moulded Piston-Rod Packing, Moulded Piston Packing, Gaskets, Ring Flange Packings, Washers, etc.

#### Vulcanized Asbestos Piston-Rod Packing.

This is a flexible rope packing composed of strong twisted strands of pure Asbestos combined with India Rubber and vulcanized. It is an improvement upon our Pure Asbestos Packings, and is superior to all others for piston-rods, valve-stems, pump valves, etc., where high pressure steam, hot water, oils, acids, ammonia, etc., are used, and for locomotives, stationary, and marine engines. The advantages possessed by this Packing are that, in consequence of its wonderful strength and durability, it can be used wherever metallic packings have been heretofore necessary. It is self-lubricating to a greater extent than any other material, and it will not shrink or blow out. Round and square, all sizes, from 1-8 inch to 2 inches in diameter.

Samples and Descriptive Price Lists free by mail.
