IMITATION

AN ACKNOWLEDGMENT OF SUPERIORITY.

The best evidence that the JENKINS BROS. VALVES, JENKINS STANDARD PACKING, and JENKINS DISCS have extraordinary merit, and are held in high esteem by the public, is that they are being amilated and counterfeited. The imitations resum his the original in appearance only; they lack the general excellence of the genuine. Our friends and customers will sustain us in our endeavor to manufacture the best goods, by not accepting any goods unless stamped as above. This notice has become necessary by the fraudulent use of our name, and to protect the public from being deceived—by unprincipled parties placing imitations on the market.
