PATENTS.

MESSRS. MUNN & CO., in connection with the publication of the SCIENTIFIC AMERICAN, continue to examine improvements, and to act as Solicitors of Patents for Inventors. In this line of business they have had forty-one years experience, and now have unequalled facilities for the preparation of Patent Drawings, Specifications, and the prosecution of Applications for Patents in the United States, Canada, and Foreign Countries. Messrs Munn & Co. also attend to the preparation of Caveats, Copyrights for Books, Labels, Reissues, Assignments, and Reports on Infringements of Patents. All business entrusted to them is done with special care and promptness, on very reasonable terms. A pamphlet sent free of charge, on application, containing full information about Patents and how to procure them; directions concerning Labels, Copyrights, Designs, Patents, Appeals, Reissues, Infringements, Assignments, Rejected Cases, Mints on the Sale of Patents, etc. We also send, free of charge, a Synopsis of Foreign Patent Laws, showing the cost and method of securing patents in all the principal countries of the world. MUNN & CO., Solicitors of Patents, 361 Broadway, New York. BRANCH OFFICES.—No. 622 and 624 F Street, Patent Building, near 7th Street, Washington, D. C.

New Gas Engine "The Baldwin"

Exhibited at the late American Institute Fair, New York. A four horse-power engine in connection with storage battery, running 84 incandescent electric lights (and without battery, 32 lights), giving a perfect light, with all the steadiness that can be obtained from the high-speed steam engines in common use for electric lighting, and permitting any number of lights to be shut off or turned on without affecting the remaining lights in the slightest degree. A marvel of beauty, perfection, and power, adapted to lighting, pumping, and all purposes where a safe and cheap power is required. Manufactured and guaranteed by

Otis Brothers & Co. Elevators and Hoisting Machinery, 38 PARK ROW, NEW YORK.

HUDSON RIVER BRIDGE AT Poughkeepsie.—A lecture by T. G. Clark, C. E., in the Sibley College Course. No extra insurance. Four sizes: 1 H. P., 2 H. P., 1 man power, and Dental Engine. These Engines are especially suited for Gasoline Gas for country use. Send for Illustrated Catalogue.

ECONOMIC GAS ENGINE COMPANY, Office and Showrooms - - 34 DEW ST. N. Y.

This material is composed of asbestos, combined with water and pressed into almost any desired shape. It is superior in many respects to asbestos on account of its resistance to heat, acid, and alkalis, and as a non-conductor of electricity, washers, accumulator cells, etc., it is unsurpassed. the well-known mineral Asbestos acid proof materials, molded and shaped and then vulcanized to other materials of a similar nature to heat, acid, and alkalis, tricity. For electrical plates, rings, washers, accumulator cells, etc., it is unsurpassed.

H. W. JOHNS MANUFACTURING CO. 87 Maiden Lane, New York, SOLE MANUFACTURERS OF H. W. Johns' Asbestos Millboard, Sheathings, Building Felts, Fire-Proof Paints, Liquid Paints, Asbestos Roofing, etc. CHICAGO. PHILADELPHIA. LONDON.

Automatic Cut Engines Horizontal and Vertical. Specially adapted for Electric Lighting, Yacht and Hoisting Engines, Turbine water wheels. Constructors of Special Machinery of any description. YORK MANUF'G CO., YORK, PA., U. S. A.

TO BUSINESS MEN. The value of the SCIENTIFIC AMERICAN as an advertising medium cannot be overestimated. Its circulation is many times greater than that of any similar journal now published. It goes into all the States and Territories, and is read in all the principal libraries and reading rooms of the world. A business man wants something more than to see his advertisement in a printed newspaper. He wants circulation. This he has when he advertises in the SCIENTIFIC AMERICAN. And do not let the advertising agent influence you to substitute some other paper for the SCIENTIFIC AMERICAN, when selecting a list of publications in which you decide it is for your interest to advertise. This is frequently done, for the reason that the agent gets a larger commission from the papers having a small circulation than is allowed on the SCIENTIFIC AMERICAN. For rates see top of first column of this page, or address MUNN & CO., Publishers, 361 Broadway, New York.

JENKINS STANDARD PACKING. The Original Unvulcanized Packing. CALLED THE STANDARD—As it is the packing by which all others are compared. THE Scientific American ESTABLISHED 1846.

The Most Popular Scientific Paper in the World. Only \$3.00 a Year, including Postage. Weekly. 32 Numbers a Year.

This widely circulated and splendidly illustrated paper is published weekly. Every number contains sixteen pages of useful information and a large number of original engravings of new inventions and discoveries, representing Engineering Works, Steam Machinery, New Inventions, Novelties in Mechanics, Manufactures, Chemistry, Electricity, Telegraphy, Photography, Architecture, Agriculture, Horticulture, Natural History, etc. Complete List of Patents each week. Terms of Subscription.—One copy of the SCIENTIFIC AMERICAN will be sent for one year—52 numbers—postage prepaid, to any subscriber in the United States or Canada, on receipt of three dollars by the publishers; six months, \$1.60; three months, \$1.00. Clubs.—Special rates for several names, and to Post Masters. Write for particulars. The safest way to remit is by Postal Order. Draft, or Express Money Order. Money carefully placed inside of envelopes, securely sealed, and correctly addressed, seldom goes astray, but is at the sender's risk. Address all letters and make all orders, drafts, etc., payable to

MUNN & CO., 361 Broadway, New York.

THE Scientific American Supplement.

This is a separate and distinct publication from THE SCIENTIFIC AMERICAN, but is uniform therewith in size, every number containing sixteen large pages full of engravings, many of which are taken from foreign papers, and accompanied with translated descriptions. THE SCIENTIFIC AMERICAN SUPPLEMENT is published weekly, and includes a very wide range of contents. It presents the most recent papers by eminent writers in all the principal departments of Science and the Useful Arts, embracing Biology, Geology, Mineralogy, Natural History, Geography, Archeology, Astronomy, Chemistry, Electricity, Light, Heat, Mechanical Engineering, Steam and Railway Engineering, Mining, Ship Building, Marine Engineering, Photography, Technology, Manufacturing Industries, Sanitary Engineering, Agriculture, Horticulture, Domestic Economy, Biography, Medicine, etc. A vast amount of fresh and valuable information obtainable in no other publication. The most important Engineering Works, Mechanisms, and Manufactures at home and abroad are illustrated and described in the SUPPLEMENT. Price for the SUPPLEMENT for the United States and Canada, \$5.00 a year, or one copy of the SCIENTIFIC AMERICAN and one copy of the SUPPLEMENT, both mailed for one year for \$7.00. Single copies 10 cents. Address and remit by postal order, express money order, or check, MUNN & CO., 361 Broadway, N. Y., Publishers SCIENTIFIC AMERICAN.

Builders Edition. THE SCIENTIFIC AMERICAN ARCHITECTS' AND BUILDERS' EDITION is issued monthly. \$2.50 a year. Single copies, 25 cents. Forty large quarto pages, equal to about two hundred ordinary book pages; forming a large and splendid Magazine of Architecture, richly adorned with elegant plates in colors, and with other fine engravings; illustrating the most interesting examples of modern Architectural Construction and allied subjects. A special feature is the presentation in each number of a variety of the latest and best plans for private residences, city and country, including those of very moderate cost as well as the more expensive. Drawings in perspective and in color are given, together with full Plans, Specifications, Sheets of Details, Estimates, etc. The elegance and cheapness of this insignificant work have won for it the Largest Circulation of any Architectural publication in the world. Sold by all newdealers. \$2.50 a year. Remit to MUNN & CO., Publishers, 361 Broadway, New York.

PRINTING INKS. THE "Scientific American" is printed with CHAS. T. ENRU JOHNSON & CO'S INK. Tenth and Lombard Sts., Phila., and 47 Rose St., opp. Duane St., N. Y.
