

HENRY CAREY BAIRD & CO. Industrial Publishers, Booksellers, and Importers, 810 Walnut St., Philadelphia, Pa., U. S. A.

ARCHITECTURAL BOOKS.

Useful, Beautiful, and Cheap.

To any person about to erect a dwelling house or stable, either in the country or city, or any builder wishing to examine the latest and best plans for a church, school house, club house, or any other public building of high or low cost, should procure a complete set of the ARCHITECTS' AND BUILDERS' EDITION OF THE SCIENTIFIC AMERICAN.

The information these volumes contain renders the work almost indispensable to the architect and builder, and to persons about to build for themselves they will find the work suggestive and most useful.

Four bound volumes are now ready and may be obtained, by mail, direct from the publishers or from any newsdealer. Price, \$2.00 a volume. Stitched in paper covers. Subscription price, per annum, \$2.50. Address and remit to

MUNN & CO., Publishers, 361 Broadway, New York.

MUNSON'S PORTABLE MILLS, AND MILL FURNISHINGS, MANUFACTURED BY MUNSON BROTHERS, Utica, N. Y., U. S. A.

For \$70 You can buy our back-gear screw cutting engine lathe. For \$3.50 a book (The Complete Practical Machinery) that gives full directions for its use.

WHITE MOUNTAIN HAMMOCK CHAIR. For the House, Lawn, Porch, and Camp. Is check full of Comfort and Blessed Rest.

2nd MACHINERY. N. Y. Mach'y Depot, Bridge Store 16, Frankfort St., N. Y.

THE COPYING PAD.—HOW TO MAKE and how to use; with an engraving. Practical directions how to prepare the gelatine pad, and also the aniline ink by which the copies are made.

COMPLETE STEAM PUMP ONLY SEVEN DOLLARS. DEMAND THIS PUMP OF YOUR DEALER OR WRITE TO US FOR PRICES.

PATENTS.

MESSRS. MUNN & CO., in connection with the publication of the SCIENTIFIC AMERICAN, continue to examine improvements, and to act as Solicitors of Patents for Inventors.

In this line of business they have had forty-one years' experience, and now have unequalled facilities for the preparation of Patent Drawings, Specifications, and the prosecution of Applications for Patents in the United States, Canada, and Foreign Countries.

A pamphlet sent free of charge, on application, containing full information about Patents and how to procure them; directions concerning Labels, Copyrights, Designs, Patents, Appeals, Reissues, Infringements, Assignments, Rejected Cases, Hints on the Sale of Patents, etc.

We also send, free of charge, a Synopsis of Foreign Patent Laws, showing the cost and method of securing patents in all the principal countries of the world.

MUNN & CO., Solicitors of Patents, 361 Broadway, New York. BRANCH OFFICES.—No. 622 and 624 F Street, Pacific Building, near 7th Street, Washington, D. C.

Proposals for Steel for Use in the Construction of the United States Army and Navy. 'Texas' at the Navy Yard, Portsmouth, Virginia.—NAVY DEPARTMENT, WASHINGTON, D. C., June 21, 1888.—Under authority conferred by an act of Congress, entitled "An act to increase the naval establishment," approved August 3, 1886 (24 Statut at Large, page 315), sealed proposals are hereby invited, and will be received at this Department until 12 o'clock noon on Monday, the 23d day of July, 1888, for furnishing the following classes of material for use in the construction of said ship: CLASS A.—Steel plates.—About nine hundred and twenty (920) tons of steel plates from 2 1/2 to 2 5/8 pounds per square foot. CLASS B.—Steel shapes.—About five hundred and three (563) tons of steel shapes, as follows: About two hundred and seventy (270) tons of angle-bars of various sizes; about one hundred and thirty-two (132) tons of angle and T-bulb beams, with proper curvature, from 11 to 24 1/2 pounds per lineal foot; about ten (10) tons of T-bars, of 8 pounds per lineal foot; about ninety-one (91) tons of channel-bars, of 10, 15, and 25 pounds per lineal foot. CLASS C.—Steel rivets.—About one hundred (100) tons of steel rivets from 3/8 inch to 1 1/4 inch diameter. CLASS D.—Steel castings.—About one hundred and twenty (120) tons of steel castings, of various shapes, including stem, stern-post, hawse-pipes, rising and mooring bits, chain-pipes, etc. The tons of material herein called for to be of 2,240 pounds each. All said material to be of such detailed dimensions, weights, and shapes as may be required in the construction of the vessel, and to be delivered at such place or places in the Navy Yard, Portsmouth, Virginia, as may be designated by the Commandant of said Yard. Deliveries to commence within thirty (30) days from the date of contract and to be completed within six (6) months from such date; the material to be delivered promptly, in accordance with a detailed schedule prepared by the Assistant Naval Constructor at said Navy Yard, and in the order required to carry on the work to the best interests of the Government. All material to be of domestic manufacture, and to be accepted only after passing such tests as may be prescribed therefor by the Secretary of the Navy. Proposals must be in accordance with forms which will be furnished on application to the Bureau of Construction and Repair, and may be for one or more of the classes designated, but no bid for a portion of any class will be considered. Each proposal must be accompanied by satisfactory evidence that the bidder is able to furnish and deliver the material for which he bids. Each proposal must be accompanied by a certified check payable to the order of the Secretary of the Navy, for an amount equal to five per cent. of the bid. The check received from the successful bidder will be returned to him on his entering into a formal contract for the due performance of the work, and giving bond for the same, with satisfactory surety, in a penal sum equal to twenty-five per cent. of the amount of his bid; but in case he shall fail to enter into such contract and to give such bond within twenty days after notice of the acceptance of his proposal, the check accompanying such proposal shall become the property of the United States. All checks accompanying proposals which are not accepted will be returned immediately after the award shall have been made. Information relative to the dimensions and shapes of material, and all other information essential to bidders, will be furnished on personal application to the Bureau of Construction and Repair, Navy Department. Proposals must be made in duplicate, and enclosed in envelopes marked "Proposals for Steel for the Armored Battleship 'Texas,'" and addressed to the Secretary of the Navy, Navy Department, Washington, D. C. Each class of materials will be bid for separately, and the Secretary of the Navy reserves the right to reject any or all bids or the bids on any class or classes, as, in his judgment, the interests of the Government may require. D. B. HARMONY, Acting Secretary of the Navy.
