SYRACUSE MALLEABLE IRON WORKS

CHANGE OF NAME. As the "Charter" Gas Engine is the specialty of manufacture of this company, and the name of The Williams & Orton Mfg Co. conveys no idea of our business, and the parties that furnished that name have not been connected with the company for years, it was considered desirable to change the title of this corporation to The Charter Gas Engine Company, which has been done. The great popularity of the "Charter" Gas Engine justifies giving its name and the name of its inventor and patentee to the company that manufactures and sells it. Thanking you in behalf of the discarded title for your favors, and trusting that under the new we will receive your further valued patronage, we are, Very respectfully,

THE CHARTER GAS ENGINE CO., P. O. Box 148. Sterling, Illinois. We beg to say that we will continue the manufacture and sale of Wire Rope Transmissions, Portable Mills, Pulleys, Shafting, Couplings, Hangers, Boxes, Gearing, Tighteners, etc., etc., on which line we flatter ourselves that the name of "Williams & Orton goods" is familiar to many, and stands for "the best."
