Mechanical Toys, Games, etc. Engine was Set Up and Started by our Printed Di

Engine was Set Up and Started by our Printed Directions.

NEW HAVEN, CONN., July 30, 1890.

Charter Gas Engine Co., Sterling, Ill.

GENTLEMEN:—We have now used your Gasoline Engine for two months and is giving good satisfaction. Requires no attention after it is started, which generally takes four to five minutes. A large number of persons have seen it; some pronounce it a wonder, and others, who are familiar with gas engines, as the finest they ever saw. We would cheerfully recommend the "Charter" to all persons in need of power, especially to those where work is of an intermittent character, as the expense ceases whenever the engine is not running. Engine was set up and started by your printed directions.

Yours truly.

THOMPSON & BALL.

For circulars, etc., address Charter Gas Engine Co. P. O. Box 148, Sterling, Ill.
