THE GREAT IMPROVEMENT IN

${f ROOFING}$

We are now ready to supply the product of entirely new machinery and processes just completed, by aid of which we not only have greatly improved the strength and durability of our well-known ASBESTOS ROOFING, but have also secured a degree of uniformity never before attained in any similar fabric. We offer this as the PERFECTED form of the portable Rooding which we have sianufactured with continued improvements during the past thirty years, and as the most desirable Roofing for general purposes.

The important features of our recent improvements.

The important features of our recent improvements, for which patents have been allowed and others applied for in this Country and in Europe, are described in our new circular, which, with sam-ples, will be sent free by mail.

Our Asbestos Roofing is now in use upon Factories, Foundries, Cotton Gins, Chemical Works, Railroad Bridges, Cars, Steamboat Decks, etc., in all parts of the world.

It is supplied ready for use, in rolls containing 200 square feet, and weighs, with Asbestos Roof Coating, ready for shipment, about 85 pounds to 100 square feet.

It is adapted for steep or flat roofs in all climates, and can be readily applied by un skilled work men.

The Thereare inferior imitations of our Asbestos Roofing. Purchasers are cautioned.

Exclusive sale of our IMPROVED ASBESTOS ROOFING will be given to reliable dealers in important towns where we have not already made arrangements.
