BOOKS

Engineers and Firemen THE BEST BECAUSE

ritten in pla<mark>in, pract</mark>ical languag<mark>e, devoid</mark> of theories or mathematical formula.

These books embrace all branches of Steam Engineering—Stationary, Locomotive, Fire, and Marine. Any engineer who wishes to be well informed in all the duties of his calling should provide himself with a full set. They are the only books of the kind ever published in this country, and they are so plain that any engineer or fireman that can read can easily understand them.

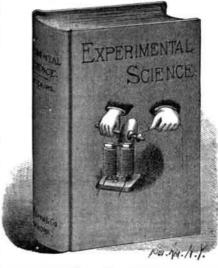

Hand-Book of the Locomotive. Price.....82.50 Catechism of High Pressure Steam Engines. Hand-Book of Modern Steam Fire Engines. Questions and Answers for Engineers. \$3.00 Young Engineer's Own Book. Price...... \$3.00 FOR SALE BY ALL BOOKSELLERS.

Any of the above books will be sent to any part of the United States or Canada on receipt of list price. Send money in Registered Letter, P. O. Order, or Postal Send for Descriptive Catalogue mailed free to any address.
