## FOOT POWER LATHES

Are you looking for a foot-power. metal-turning, screw-cutting lathe? If so, you certainly want the best tool your money can buy, for however it may be in regard to other goods, it is indisputably true of machinery and tools that the "best is none too good." We can give you the best foot-power lathe ever made, either in this country or in

Europe. This is a strong statement, and we are fully prepared to substantiate it.

Our lathes are superior to all others in elegance of design, workmanship, and finish. More than this, they are COMPLETE tools. We

can furnish you a lathe having back gear, reverse feed for right or left hand threads, hollow spindle and other indispensable features which you will not find in cheaper grade tools. Added to all this, our velocipede foot-power is incomparably the best ever applied to

We make these lathes in different sizes, from 9 to 13 inches swing and taking between centers from 25 to 69 inches In price they range from \$70 to \$200, and their high quality taken into consideration, are the cheapest lathes on the market. We shall be pleased to mail to any address our complete catalogue and price list, which fully describes these lathes, as well as a large number of other machines which we manufacture.

THE

### Scientific American Supplement

This is a separate and distinct publication from THE SCIENTIFIC AMERICAN, but is uniform therewith in size. every number containing sixteen large pages full of engravings, many of which are taken from foreign papers, and accompanied with translated descriptions. THE SCIENTIFIC AMERICAN SUPPLEMENT is published weekly, and includes a very wide range of contents. It presents the most recent papers by eminent writers in all the principal departments of Science and the Useful Arts, embracing Biology, Geology, Mineralogy, Natural History, Geography, Archæology, Astronomy Chemis-try, Electricity, Light, Heat, Mechanical Engineering, Steam and Railway Engineering, Mining, Ship Building, Marine Engineering, Photography, Technology, Manu-facturing Industries, Sanitary Engineering, Agriculture, Horticulture, Domestic Economy, Biography, Medicine, etc. A vast amount of fresh and valuable information obtainable in no other publication.

The most important Engineering Works, Mechanisms, and Manufactures at home and abroad are illustrated and described in the SUPPLEMENT.

Price for the SUPPLEMENT for the United States and Canada, \$5.00 a year; or one copy of the Scientific Am-ERICAN and one copy of the SUPPLEMENT, both mailed for one yearfor\$7.00. Single copies, 10 cents. Address and remit by postal order, express money order, or check,

MUNN & CO., 361 Broadway, New York,
Publishers Scientific American.

# Building Edition.

THE SCIENTIFIC AMERICAN ARCHITECTS' AND BUILDERS' EDITMON is issued monthly. \$2.50 a year. Single copies, 25 cents. Forty large quarto pages, equal to about two hundred ordinary book pages; forming a large and splendid Magazine of Architecture, richly adorned with elegant plates in colors, and with other fine engravings; illustrating the most interesting examples of modern architectural construction and allied subjects.

A special feature is the presentation in each number of a variety of the latest and best plans for private residences, city and country, including those of very moderate cost as well as the more expensive. Drawings in perspective and in color are given, together with full Plans, Specifications, Sheets of Details, Estimates, etc.

The elegance and cheapness of this magnificent work have won for it the Largest Circulation of any Architectural publication in the world. Sold by all newsdealers. \$2.50 a year. Remit to

MUNN & CO., Publishers, 361 Broadway, New York.
