

Advertisements.

Inside Page, each insertion - - 75 cents a line
Back Page, each insertion - - - \$1.00 a line

The above are charges per agate line—about eight words per line. This notice shows the width of the line, and is set in agate type. Engravings may be ad- vertisements at the same rate per agate line, by meas- urement, as the letter press. Advertisements must be received at Publication Office as early as Thursday morning to appear in the following week's issue.

The Hendey Machine Co., Torrington, Conn.

LITTLE WONDERS

DICKINSON'S ADJUSTABLE DIAMOND TOOL
FIG. 5.
TOOLS FOR EMERY WHEELS
FIG. 3.
and shaped Diamond Carbon Points, indis- pensable for Truing Porcelain, Celluloid, Hardened Steel, Chilled Iron, Hard Rub- ber, Cotton Husk, Paper, Calender and Copper Rolls, for Facing or Turning Hard or Brittle substance or composites, and wherein there is much friction, the Dia- mond becomes an Important and Invaluable Adjuvant, though their Cost may appear at first High. But after considering their Durability, in holding their edge, Saving of Time over those of Steel Tools in Grinding, as well as the effectiveness and illimitable Revolutions which they can stand, and truth of work produced, they have proved the Most Economical, Effective and Durable Tool Now in Use. Practical Mechanics and Paper Makers using them pronounce these Points a marvel of the age for efficiency and durability, doing that which no steel tool can do. After turning the Rolls, when inspected by a microscope, there is no perceptible wear. They are now extensively used in Rolling, Paper Mills and Beacheries, both in this country and Europe. The sub- scription is "Identical" with the Diamond and "Emery Wheel" trade as the Pioneer maker of Diamond Tools since introducing the use of his Points and tools for the above purpose. Numerous composite wheels and new industries have been created where their value has proved incalculable. Diamond Points re-ground and sharpened. Carbon Tools reset and new carbons fur- nished for the same. Also, glaziers' diamonds manufac- tured and reset. Send number of tool desired to
J. DICKINSON, 64 Nassau Street, New York.

PLATINUM.
PLATINUM WIRE, CRUCIBLES, DISHES, etc., and Refiner of Platinum, Gold, and Silver. Ham- mered work a specialty. Old ware remade and scrap bought. MALVERN PLATINUM WORKS, MALVERN, PA., JOHN C. ENRIKSEN, PROPRIETOR.

PATENTS!

MESSRS. MUNN & CO., in connection with the publication of the SCIENTIFIC AMERICAN, continue to examine inven- tions, and to act as Solicitors of Patents for Inventions.
In this line of business they have had forty-five years' experience, and now have unequalled facilities for the preparation of Patent Drawings, Specifications, and the prosecution of Applications for Patents in the United States, Canada, and Foreign Countries. Messrs. Munn & Co. also attend to the preparation of Caveats, Copy- rights for Books, Labels, Reissues, Assignments, and Reports on Infringements of Patents. All business in- trusted to them is done with special care and prompt- ness, on very reasonable terms.
A pamphlet sent free of charge, on application, con- taining full information about Patents and how to pro- cure them; directions concerning Labels, Copyrights, Designs, Patents, Appeals, Reissues, Infringements, Assignments, Rejected Cases. Hints on the sale of Patents, etc.
We also send, free of charge, a Synopsis of Foreign Patent Laws, showing the cost and method of securing Patents in all the principal countries of the world.

ERIE PA.

GEAR CUTTING

Leland, Faulconer & Norton Co., Detroit, Mich.

ESTABLISHED 1846.
The Most Popular Scientific Paper in the World
Only \$3.00 a Year, Including Postage.
Weekly—52 Numbers a Year.

This widely circulated and splendidly illustrated paper is published weekly. Every number contains sixteen pages of useful information and a large number of original engravings of new inventions and discoveries, representing Engineering Works, Steam Machinery, New Inventions, Novelties in Mechanics, Manufactures, Chemistry, Electricity, Telegraphy, Photography, Archite- cture, Agriculture, Horticulture, Natural History, etc. Complete list of patents each week.
Terms of Subscription.—One copy of the SCIE- NTFIC AMERICAN will be sent for one year—52 numbers— postage prepaid, to any subscriber in the United States, Canada, or Mexico, on receipt of three dollars by the publishers; six months, \$1.50; three months, \$1.00.
Clubs.—Special rates for several names, and to Post Masters. Write for particulars.
The safest way to remit is by Postal Order, Draft, or Express Money Order. Money carefully placed inside of envelopes, securely sealed, and correctly addressed, seldom goes astray, but is at the sender's risk. Address all letters and make all orders, drafts, etc., payable to
MUNN & CO., 361 Broadway, New York.

THE Scientific American Supplement

This is a separate and distinct publication from THE SCIENTIFIC AMERICAN, but is uniform therewith in size, every number containing sixteen large pages full of en- gravings, many of which are taken from foreign papers, and accompanied with translated descriptions. THE SCIENTIFIC AMERICAN SUPPLEMENT is published weekly, and includes a very wide range of contents. It pre- sents the most recent papers by eminent writers in all the principal departments of Science and the Useful Arts, embracing Biology, Geology, Mineralogy, Natural History, Geography, Archaeology, Astronomy, Chemis- try, Electricity, Light, Heat, Mechanical Engineering, Steam and Railway Engineering, Mining, Ship Building, Marine Engineering, Photography, Technology, Manu- facturing Industries, Sanitary Engineering, Agriculture, Horticulture, Domestic Economy, Biography, Medicine, etc. A vast amount of fresh and valuable information obtainable in no other publication.
The most important Engineering Works, Mechanisms, and Manufactures at home and abroad are illustrated and described in the SUPPLEMENT.
Price for the SUPPLEMENT for the United States and Canada, \$5.00 a year; or one copy of the SCIENTIFIC AMERICAN and one copy of the SUPPLEMENT, both mailed for one year for \$7.00. Single copies, 10 cents. Address and remit by postal order, express money order, or check,
MUNN & CO., 361 Broadway, New York,
Publishers SCIENTIFIC AMERICAN.

Building Edition.

THE SCIENTIFIC AMERICAN ARCHITECTS' AND BUILDERS' EDITION is issued monthly. \$2.50 a year. Single copies, 25 cents. Forty large quarto pages, equal to about two hundred ordinary book pages; forming a large and splendid Magazine of Architecture, richly adorned with elegant plates in colors, and with other fine engravings; illustrating the most interesting examples of modern architectural construction and allied subjects.
A special feature is the presentation in each number of a variety of the latest and best plans for private resi- dences, city and country, including those of very mod- erate cost as well as the more expensive. Drawings in perspective and in color are given, together with full Plans, Specifications, Sheets of Details, Estimates, etc.
The elegance and cheapness of this magnificent work have won for it the Largest Circulation of any Architectural publication in the world. Sold by all news- dealers. \$2.50 a year. Remit to
MUNN & CO., Publishers,
361 Broadway, New York.

PRINTING INKS
The SCIENTIFIC AMERICAN is printed with CHAS. ENEU JOHNSON & CO.'S INK, South and Lombard Sts., Philadelphia, and 47 Rose St., opp. Duane, New York
