BUSINESS

The value of the SCIENTIFIC AMERICAN as an adver tising medium cannot be overestimated. Its circulation is many times greater than that of any similar journal now published. It goes into all the States and Territo-Barrel, Keg, Hogshead
AND
STAVE MACHINERY
Over 50 varieties manuOver 50 varieties manuOver 50 varieties manuthe advertising agent influence you to substitute some other paper for the SCIENTIFIC AMERICAN, when selecting a list of publications in which you decide it is for your interest to advertise. This is frequently done for the reason that the agent gets a larger commission from the papers having a small circulation than is allowed on the Scientific American.

For rates see top of first column of this page, or address MUNN & CO., Publishers, 361 Broadway, New York.

ent Condulou and Future Task.—By Prof. Carl Vogt. An iderecting paper, in which the author passes in review the beings that lived in earlier times, and points out the proper method of studying them at the present the one usually followed, intanuch as he tries to prove the relation between the extinct types and the modern representatives of the organic world, which he claims can be proved by generation and descent without calling in the intervention of a special power of creation existing separate from the organisms. A powerful argument in favor of the doctrine of evolution. Contained in SCIENTIFIC AMERICAN SUPPLEMENT, Nos. 249 and 250. Price III cents each. To be had at this office and from all newsdealers.
