"Prove all things; hold fast that which is good." One thing has proven good, and is held fast by intelligent, conservative people:—The new quick-winding "Waterbury" watch. It winds in about five seconds, like any good stem-winding watch. It is a stem-set watch, with jeweled movement and coin-silver or 14-karat, gold filled cases. Better than a cheap Swiss watch.
 The price is still low.
 Your jeweler sells it in various styles, both for ladies and gentlemen.
