Star Maps

By Richard A. Proctor, F.R.A.S.

A series of twelve elegantly printed Maps of the Heavens, one for every month in the year. Specially prepared for use in North America. With descriptions accompanying each map, giving the names of the principal stars and constellations, showing their relative positions at given hours and days of the month.

A most beautiful and convenient work, specially adapted for the use of those who desire to acquire a general knowledge of the starry realms.

To which is added a description of the method of preparing and using artificial luminous stars as an aid in fixing in the mind the names and places of the various stars and constellations, by Alfred E. Beach.

Altogether this is one of the most popular, useful and valuable works of the kind ever published. One quarto volume, elegantly bound in cloth. Price \$2.50, postpaid.

TO MANUFACTURERS

and others seeking a desirable

LOCATION FOR FACTORIES.

One of the most beautiful towns in Southern Illinois is situated at

PELLONIA, ILL.

This thriving town is located on the north bank of the Ohio River, two and a half miles below Paducah, Ky.; three miles below the mouth of the Tennessee river; and twelve miles below the mouth of the Cumberland river, and forty-eight miles above the junction of Ohio and Mississippi rivers. It has a population of about 700 inhabitants, and at present has one saw mill and flour mill. Excellent church and school advantages and healthy climate. In addition to two daily packet lines, the Paducah branch of the Cairo Short Line R.R. enters the town from the north, giving direct communication with St. Louis, Mo., which is distant only 159 miles. The town is surrounded by an almost unbroken forest of timber, presenting an inviting and very desirable location for all kinds of woodworking establishments, especially box, barrel and hardwood factories. Manufacturers contemplating a change of location, or those starting new industries, would do well to investigate the unsurpassed advantages of this location. Correspondence invited. Further particulars may be obtained by addressing Dr. J. D. YOUNG, Mayor, Pellonia, Ill.; ORRIS STEELE, Clerk; or WM. PELL, Councilman.

A New and Valuable Book

12,500 Receipts. 708 Pages. Price \$5. Bound in Sheep, \$6. Half-Morocco, \$6.50.

This splendid work contains a careful compilation of the most useful Receipts and Replies given in the Notes and Queries of correspondents as published in the Scientific American during the past fifty years; together with many valuable and important additions.

Over Twelve Thousand selected Receipts are here collected; nearly every branch of the useful arts being represented. It is by far the most comprehensive volume of the kind ever placed before the public.

The work may be regarded as the product of the studies and practical experience of the ablest chemists and workers in all parts of the world; the information given being of the highest value, arranged and condensed in concise form convenient for ready use.

Almost every inquiry that can be thought of, relating to formulae used in the various manufacturing industries, will here be found answered.

Instructions for working many different processes in the arts are given.

Those who are engaged in any branch of industry probably will find in this book much that is of practical value in their respective callings.

Those who are in search of independent business or employment, relating to the home manufacture of sample articles, will find in it hundreds of most excellent suggestions.
