JACKSON & THOMAS

Manufacturers' Agents.

Can handle to advantage two more lines of staple manufactures for Georgia and South Carolina. Four men constantly on the road. Address **JACKSON & THOMAS,** P.O. Box 580, Augusta, Ga.

A REVOLUTION!!!

A New COTTON GIN and WOOL BURRER.

Inventive genius has at last produced a machine that will send into retirement the old Saw Gin so long tolerated, owing to enormous development in the cotton industry. The Universal Cotton Gin and Wool Burrer Company are taking out patents in the principal countries, and make claim to superiority over the system now in use on the following among other points: The new Roller Gin will preserve the fibre intact; clean the seed more thoroughly, and thus save a large amount of cotton; prevent the possibility of fire; perform the work with a minimum of power; require comparatively no repairs; require but little if any cleaning, and have no saws to sharpen. They are the acme of simplicity in construction and effectiveness in economical working. The staple delivered in the most improved condition, with the least damage to fibre ever heretofore effected. Alfred B. Shepperson, of the Cotton Exchange, New York, recognized as foremost expert and authority in the cotton world, as attested by his services to the National Department of Agriculture, and the favorable reception accorded to his opinions and publications, is President of this Company; T. H. Pearse, Secretary; E. A. Kingman, Treasurer; and S. L. Johnston, Superintendent and Engineer. A hand machine and also full size power gins may be seen in operation. A limited amount of treasury stock is for sale. For full particulars address

UNIVERSAL COTTON GIN & WOOL BURRER CO.,
Room 60
FISKE BUILDING 89 STATE ST., BOSTON.

USE GRINDSTONES?

If so, we can supply you. All sizes mounted and unmounted, always kept in stock. Remember, we make a specialty of selecting stones for all special purposes. Ask for catalogue.

PROVIDENCE, R. I.

Architectural Books

Useful, Beautiful and Cheap.

Any person about to erect a dwelling house or stable, either in the country or city, or any builder wishing to examine the latest and best plans for a church, school house, club house, or any other public building of high or low cost, should procure a complete set of the ARCHITECTS' AND BUILDERS' EDITION of the SCIENTIFIC AMERICAN.

The information these volumes contain renders the work almost indispensable to the architect and builder, and persons about to build for themselves will find the work suggestive and most useful. They contain drawings in perspective and in color, together with floor plans, costs, location of residence, etc.

Two volumes are published annually. Volumes 1 to 18, which include all the numbers of this work from commencement to December, 1894, may now be obtained at this office or from Booksellers and Newsdealers. Price, stitched in paper, \$2.00 per volume. These volumes contain all the plates, and all the other interesting matter pertaining to the work. They are of great permanent value. Forwarded to any address.

MUNN & CO., Publishers,
361 Broadway, New York.
