## Architectural Books

Useful, Beautiful and Cheap.

Any person about to erect a dwelling house or stable, either in the country or city, or any builder wishing to examine the latest and best plans for a church, schoolhouse, club house, or any other public building of high or low cost, should procure a complete set of the ARCHITECTS' AND BUILDERS' EDITION of the *SCIENTIFIC AMERICAN*.

The information these volumes contain renders the work almost indispensable to the architect and builder, and persons about to build for themselves will find the work suggestive and most useful. They contain drawings in perspective and in color, together with floor plans, costs, location of residence, etc.

Two volumes are published annually. Volumes 1 to 18, which include all the numbers of this work from commencement to December, 1894, may now be obtained at this office or from Booksellers and Newsdealers. Price, stitched in paper, \$2.00 per volume. These volumes contain all the plates, and all the other interesting matter pertaining to the work. They are of great permanent value. ## Star Maps

By Richard A. Proctor, F.R.A.S.

A series of twelve elegantly printed Maps of the Heavens, one for every month in the year. Specially prepared for use in North America. With descriptions accompanying each map, giving the names of the principal stars and constellations, showing their relative positions at given hours and days of the month.

A most beautiful and convenient work, specially adapted for the use of those who desire to acquire a general knowledge of the starry realms.

To which is added a description of the method of preparing and using artificial luminous stars as an aid in fixing in the mind the names and places of the various stars and constellations, by Alfred E. Beach.

Altogether this is one of the most popular, useful and valuable works of the kind ever published.

One quarto volume, elegantly bound in cloth. Price \$2.50, postpaid.

**MUNN & CO., Publishers,**  
361 Broadway, New York.
