A Valuable Book

THE SCIENTIFIC AMERICAN CYCLOPAEDIA OF RECEIPTS, NOTES AND QUERIES.
 12,500 Receipts. 708 Pages. Price \$5.
 Bound in Sheep, \$6. Half-Morocco, \$6.50.
 This splendid work contains a careful compilation of the most useful Receipts and Replies given in the Notes and Queries of correspondents as published in the Scientific American during the past fifty years; together with many valuable and important additions.
 Over Twelve Thousand selected Receipts are here collected; nearly every branch of the useful arts being represented. It is by far the most comprehensive volume of the kind ever placed before the public.
 The work may be regarded as the product of the studies and practical experience of the ablest chemists and workers in all parts of the world; the information given being of the highest value, arranged and condensed in concise form convenient for ready use.
 Almost every inquiry that can be thought of relating to formulae used in the various manufacturing industries, will here be found answered.
 Instructions for working many different processes in the arts are given.
 Those who are engaged in any branch of industry probably will find in this book much that is of practical value in their respective callings.
 Those who are in search of independent business or employment, relating to the home manufacture of sample articles, will find in it hundreds of most excellent suggestions.
