the Philosophy of Science

Popular Scientific Lectures by Frnst Mach. Send for circular No 10, for full particulars and sample copies of periodicals. OPEN COURT PUB. CO., Chicago. THE HAMMOND TYPEWRITER CO.,

Architectural Rooks

Useful, Beautiful and Cheap.

Any person about to erect a dwelling house or sta-ble, either in the country or city, or any builder wishing to examine the latest and best plans for a church school house, club house, or any other public building of high or low cost, should procure a complete set of the Architects' AND BUILDERS' EDITION of the Sci-

ENTIFIC AMERICAN.

The information these volumes contain renders the work almost indispensable to the architect and builder, and persons about to build for themselves will find the work suggestive and most useful. 'They contain drawings in perspective and in color, together with floor plans, costs, location of residence, etc.

Two volumes are published annually. Volumes 1 to 18, which include all the numbers of this work from conmencement to December, 1894, may now be obtained at this office or from Booksellers and Newsdealers. Price, stitched in paper. \$2.00 per volume. These volumes contain all the plates, and all the other interesting matter pertaining to the work. They are of great permanent value. Forwarded to any address.

MUNN & CO., Publishers, 361 Broadway, New York.

SCIENTIFIC AMERICAN DYNAMO. Description of a plain shunt-wound dynamo of simple construction, capable of supplying a current of from 60 to 75 110-volt incandescent lamps, or of being used as a 5 h. p motor. This machine was constructed especially on the benefit of the readers of the Scientific American, by Mr. W. S. Bishop, of New Haven, Conn. It is designed to meet the wants of mechanics and amateurs who desire to construct a simple dynamo for their own use, but who do not care to enter into the subject scientifically. With 24 illustrations. Contained in SCIENTIFIC AMERICAN SUPPLEMENT, NO. 865. Price 10 cents. To be had at this office and from all newsdealers.
