Architectural Books

Useful, Beautiful and Cheap.

Any person about to erect a dwelling house or stable, either in the country or city, or any builder wishing to examine the latest and best plans for a church, school house, club house, or any other public building of high or low cost, should procure a complete set of the ARCHITECTS' AND BUILDERS' EDITION OF THE SCIENTIFIC AMERICAN. The information these volumes contain renders the work almost indispensable to the architect and builder, and persons about to build for themselves will find the work suggestive and most useful. They contain drawings in perspective and in color, together with floor plans, costs, location of residence, etc. Two volumes are published annually. Volumes 1 to 18, which include all the numbers of this work from commencement to December, 1894, may now be obtained at this office or from Booksellers and Newsdealers. Price, stitched in paper, \$2.00 per volume. These volumes contain all the plates, and all the other interesting matter pertaining to the work. They are of great permanent value. Forwarded to any address. MUNN & CO., Publishers, 361 Broadway, New York.
