CURTIS & CURTIS,
No. 30 Hand Machine. 6 Garden St., Bridgeport, Conn.
Range $\frac{1}{4}$ to 2" R. & L.

Cheap Steam

is easy enough if only necessary amount produced to do your work. Save continual waste into the air. Your cost of fuel is lessened 20% to 30% by the "Heintz" Steam Trap. The simplest made. No levers, floats, air valves, grinding joints—only a sealed metal tube holding the manufacturer's secret, expanding and contracting with one degree of heat—211° to 212°—and this operates the valve. Smallest size discharges one gallon of water a minute. The largest 240 gallons and not a puff of steam. Lasts a lifetime—thirty days' trial free.

Booklet "H" tells why you should use the "Heintz" and the reason for so many imitations.

William S. Haines Company,
136 South Fourth St. Philadelphia.

"The Heintz, the best, tho' it has imitators"

William S. Haines Company,
136 South Fourth St. Philadelphia.
