A printed copy of the specification and drawing of any patent in the foregoing list, or any patent in print issued since 1853, will be furnished from this office for 10 cents. In ordering pleasestate the name and number of the patent desired, and remit to Munn & Co., 361 Broadway, New York. Special rates will be given where a large number of copies are desired at one time.

Canadian patents may now be obtained by the inventors for any of the inventions named in the foregoing list, provided they are simple, at a cost of \$40 each. If complicated the cost will be a little more. For full instructions address Munn & U.O., 361 Broadway, New York, Other Swage patents may also be obtained.

Burst Water Pipes a Ching of the Past

You can now make all water pipes as secure from bursting in winter as in summer. This pneumatic system is the only one which successfully prevents the annoying and costly bursting of water pipes. It has solved a great economic problem. Highly endorsed by Architects, Engineers and Municipal Officials. No new house should be completed without this system, and all house owners should avail themselves of this "ounce of prevention" in season.

Send for Mustrated Booklet, giving full explanation THE PNEUMATIC DOME MANUFACTURING COMPANY, 501 E Street, Northwest, Washington, D. C.
