A printed copy of the specification and drawing of any patent in the foregoing list, or any patent in print issued since 1863, will be furnished from this office for 10 cents. In ordering please state the name and number of the patent desired, and remit to Munn & Co., 361 Broadway, New York. Special rates will be given where a large number of copies are desired at one time.
 Canadian patents may now be obtained by the inventors for any of the inventions named in the foregoing list. Provided they are simple, at a cost of \$40 each. If complicated the cost will be a little more. For full instructions address Munn & Co., 361 Broadway, New York. Other foreign patents may also be obtained.

WEBSTER'S INTERNATIONAL DICTIONARY
 In its Various Attractive Bindings it Makes the **CHOICEST GIFT FOR CHRISTMAS.**
 What better, wiser, or more acceptable gift could be made than a copy of the International? It is a vast storehouse of valuable information arranged in a convenient form for hand, eye, and mind. It is more widely used than any other lexicon in the world. It should be in every household.
 We also publish Webster's Collegiate Dictionary with a Valuable Pronouncing Glossary of Scottish Words and Phrases, etc.
 Specimen pages, etc., of both books sent on application.

FOR SALE Two Steam Engines built by The Watts Campbell Co., of Newark, N. J. Each engine consists of 2 horizontal condensing Corliss Engines coupled to one shaft, with a vertical air pump driven from crank pin. The smaller engine has two 28 in. cylinders, 60 in stroke. Belt wheel is 25 ft. dia by 91 in. face. Gross weight of engine is about 202,000 lbs. The larger engine has two 32 in. cylinders, 60 in. stroke. Belt wheel is 26 ft. diameter by 114 in. face. Gross weight is about 247,000 lbs. These engines are to be taken out to make room for others of greater power. They can be seen in operation now, and will probably be ready for delivery about February, 1900. Apply to **The Clark Thread Co.,** P. O. Box 154, Newark, N. J.

PROPOSALS.

COMMISSION NEW EAST RIVER BRIDGE.
 City of New York.
NOTICE TO CONTRACTORS.
 November 9, 1899.
 Proposals will be received by the Commissioners of the New East River Bridge, at their office, at No. 49 Chambers Street, in the Borough of Manhattan, in the City of New York, at two o'clock in the afternoon of the 11th DAY OF DECEMBER, 1899, endorsed "Proposals for Construction of Steel Cable Suspenders, etc., of the New East River Bridge," for furnishing the materials for and constructing the steel cables, suspenders, cable bands, covers, sheaves and their appurtenances of the New East River Bridge, in accordance with the proposed form of contract and the drawings and specifications therefor. All bids shall be enclosed in sealed envelopes, addressed to Lewis Nixon, President of the Board of Commissioners of the New East River Bridge, and presented to him on that day and at that hour at said office, and such bids will be opened in public meeting by the said Commissioners on that day at two o'clock in the afternoon.
 Copies of the specifications and the general drawings for the work, with the proposed forms for the bid, bond and contract, may be seen and further information will be given at the office of the Chief Engineer, No. 84 Broadway, Borough of Brooklyn, City of New York, on and after the 31st day of November, 1899.
 The Commissioners require that all bidders shall carefully examine the specifications, drawings and proposed form of contract, in order that no question as to their meaning may arise hereafter. It must be distinctly understood that no bidders in the quality of the materials or of the workmanship will be allowed, and that the specifications will be adhered to strictly.
 The contract is to be completely performed within ten months after the cable saddles are set in place upon the steel towers of the bridge.
 Proposals will be made upon a form provided therefor, and only those proposals which are complete, in proper form, comply with the requirements herein stated, and are offered by parties of known reputation, experience and responsibility.
 Each bidder will be required to deposit, with his proposal, in the office of the Commissioners, a certified check for \$2,000, payable to the order of Julian D. Fairchild, as Treasurer of the New East River Bridge Commissioners, as security for the execution by him of the contract and the giving of the required bond, if his bid is accepted, within two weeks after notice of the acceptance of his bid.
 The contractor will be required to give a bond in the penal sum of \$400,000, in the form annexed to the proposed form of contract, with an approved surety company doing business in the City of New York, conditioned for the prompt and faithful performance of the contract and its covenants and the work thereunder.
 As by far the greater part of this work can be executed only by bridge establishments of the first class, bids will be received only from such parties as have the requisite plant and facilities which have been in successful operation on work of similar character for at least one year. The bidders must be, in the opinion of the Commissioners, fully qualified both by experience and in appliances to execute work of this character and importance according to the highest standard of such work at the present time.
 The Commissioners reserve the right to reject any and all of the proposals offered, and to accept any proposal offered.
LEWIS NIXON, President.
JAMES D. BELL, Secretary.
