### TO INVENTORS.

An experience of fifty years, and the preparation of more than one hundred thousand applications for patentsat home and abroad, enable us to understand the laws and practice on both continents, and to possess unequaled facilities for procuring patents everywhere. A synopsis of the patent laws of the United States and all foreign countries may be had on application, and persons contemplating the securing of patents, either at home or abroad, are invited to write to this office for prices, which are low, in accordance with the times and our extensive facilities for conducting the business. Address MUNN & CO., office SCIENTIFIC AMERICAN. Address MUNN & CO., office SCIENTIFIC AMERICAN, 361 Broadway, New York.

### INDEX OF INVENTIONS

For which Letters Patent of the United States were Issued for the Week Ending

MAY 8, 1900.

### A NEW AND WONDERFUL INVENTION ERWIN STEAM RAM.

For elevating water from tubular or other wells or from rivers, lakes or other supply. Guaranteed efficiency of 50 to 150 per cent over a duplex steam pump. Extremely economical in amount of steam used. Does not raise the temperature of water appreciably even on extreme elevations. Low lift rams elevate up to 40 feet. High lift rams elevate up to 50 feet. Capacities range from 400 to 3,500 gals. per hour for single rams; 300 to 7,500 gals. per hour for double rams.

The Full descriptive circular showing comparative tests of Ram and Steam Pumps sent on request.

Manufictured and guaranteed by the PENBERTHY INJECTOR CO.,

DETROIT, MICIL.

BRANCH FACTORY: WINDSOR, CAN.

Makers of the world renowned Penberthy Automatic Injector. Sales over 200,000 in 14 years.

Simple. Reliable. Durable.

A Marvelous Machine! Watch the wonderful work done by our Apex Nipple and Pipe Mill Machine. Threads nipples of all sizes So swiveled that it can be reversed and pipe cut off close to grippers. Vise can be opened or closed while machine is in motion. Send for Catalogue. THE MERRELL MFG. CO., 501 Curtiss Street, Toledo, Ohio.

Hartford, Ct., U.S.A.

SENSITIVE LABORATORY BALANCE By N. Monroe Hopkins. This "built-up," laboratory balance will weigh up to one pound and will turn with a quarter of a pestage stamp. The balance can be made by any amateur skilled in the use of tools, and it will work as well as a #125 balance. The article is accompanied by setailed working drawings showing various stages of the work. This article is contained in SCIENTIFIC AMERICAN SUPPLEMENT, NO. 1134, Price 10 cents. For sale by MUNN & Co., 301 Broadway, New York City, or any bookseller or newsdealer.

NOTICE TO CONTRACTORS.

APRIL 19, 1900.

Bids will be received by the Commissioners of the New East River Bridge, at their office, at No. 258 Broadway, in the Borough of Mambattan, in the City of New York, at two o'clock in the afternoon of the 31st DAY OF MAY, 1900, endorsed "BID FOR CONSTRUCTION OF THE STEEL AND MASONRY APPROACH ON THE BROOKLYN SIDE OF THE NEW EAST RIVER BRIDGE," for furnishing the materials for and c instructing the steel and masonry approach on the Brookyn side of the New East River Bridge, in accordance with the proposed form of contract and the drawlings and specifications therefor. All bids shall be enclosed in sealed envelopes, addressed to Lewis Nixon, President of the Board of Commissioners of the New East River Bridge, and presented to him on that day at the sealed envelopes, addressed to Lewis Nixon, President of the Board of Commissioners of the New East River Bridge, and presented to him on that day at the seal of the seal Commissioners of the May and at that hour at said office, and such bids will be opened in public meeting by the said Commissioners on that and contract the Specifications and the general drawings for the work, with the proposed forms for the bid, bend and contract the Specifications and the central drawing storte work, with the proposed forms for the bid, bend and contract the Specifications and the street, Nová Broadrey, Borough of Booklyn, Cit Forgheer, Nová Broadrey, Commissioners require that all bidders shall carefully examine the specifications, drawings and proposed form of contract, in order that no question as to their meaning may arise bereafter. It must be distinctly

within two weeks after notice of the acceptance of his bid.

The Cattractor will be required to give a bond in the pen alsum of \$200,000 in the form annexed to the proposed form of contract, with two approved surety companies doing business in the City of New York, conditioned for the prompt and faithful performance of the contract and its covenants and the work thereunder.

As by far the greater part of this work can be executed only by bridge establishments of the first class, bids will be received only from such parties as have the requisite plant and facilities, which have been in successful operation on work of similar character for at least one year. The bidders must be, in the opinion of the Commissioners, fully qualified both by experience and in Appliances to execute work of this character and importance according to the highest standard of such work at the present time.

The Commissioners reserve the right to reject any and all of the bids offered, and to accept any bid offered.

JAMES D. BELL, Secretary.

COMMISSION NEW EAST RIVER BRIDGE, City of New York.

### NOTICE TO CONTRACTORS.

NOTICE TO CONTRACTORS.

APRIL 19, 1900.

Bids will be received by the Commissioners of the New East River Bridge, at their office, at No. 258 Broadway, in the Borough of Manhattan, in the City of New York, at two o'clock in the afternoon of the 31st DAY OF M.V. 1960, endorsed "BID FOR CONSTRUCTION OF THE STEEL AND MASONKY APPROACH ON THE MANHATTAN SIDE OF THE NEW EAST RIVER BRIDGE," for furnishing the materials for and constructing the steel and masonry approach on the Manhattan side of the New East River Bridge, in accordance with the proposed form of contract and the drawings and specifications therefor. All bids shall be enclosed in sealed envelopes, addressed to Lewis Nixon. President of the Board of Commissioners of the New East River Bridge, and presented to him on that day and at that hourat said office, and such bids will be opened in public meeting by the said Commissioners on that day at two o'clock in the afternoon.

Copies of the specifications and the general drawings for the work, with the proposed forms for the bid, bond and contract, may be seen, and further information will be given at the office of the Chief Engineer, No.83 Broadway, Borough of Brooklyn, City of New York, on and after the 28th day of April, 1904.

The Commissioners require that all bidders shall carefully examine the specifications, drawings and proposed form of contract, in order that no question as to their meaning, may arise bereafter. It must be distinctly understood that no changes in the quality of the materials or of the workmanship will be allowed, and that the specifications will be adhered to strictly.

The contract is to be completely performed within fitteen months after the execution of the contract.

Bids will be made upon a form provided therefor, and only those bids will be considered which are complete, in proper form, comply with the requirements herein stated and are offered by parties of known reputation, experience and responsibility.

Each bidder will be required to deposit, with bis bid, in the office af

within two weeks after notice of the acceptance of his bid.

The Contractor will be required to give a band in the penal sum of \$400,000, in the form amexed to the proposed form of contract, with two approved surety companies doing business in the City of New York, conditioned for the prompt and faithful performance of the contract and its covenants and the work thereunder. On the proposed form of the prompt and faithful performance of the contract and its covenants and the work thereunder. Contract and its covenants and the work thereunder. Contract and its covenants and the work thereunder contract and its covenants and the work thereunder contracts and the contract and in a processful operation on work of similar character for at least one year. The bidders must be in the opinion of the Commissioners, fully qualified both by experience and in appliances, to execute work of this character and importance according to the highest standard of such work at the present time.

The Commissioners reserve the right to reject any and all of the bids on red, and to accept any bid offered.
