Would You Become A Man of Mark? Would you possess the capacity that directs affairs? Would you develop the power that dominates men, the force that controls their minds? In all walks of life these faculties measure the difference between success and failure. They are to be traced to one mental characteristic—PERSONAL MAGNETISM. It is this well-nigh undefinable something that makes a man irresistible, that enables him to compass all difficulties, to surmount all obstacles. It is this mental energy that causes him to surpass his fellow-men in the pursuit of fame, fortune, happiness. With the consciousness of the power of Personal Magnetism attained comes ability to make friends, inspire confidence, win affections. You can embrace opportunities, gain social position, achieve business success. You can become a great power for good in the community in which you live. "THE WONDERS OF PERSONAL MAGNETISM AND HYPNOTISM" is the title of a scientific treatise which tells you precisely how to acquire this marvelous influence. It is a comprehensive work by the eminent authority, Dr. I. A. Motte Sage, A. M., Ph. D., LL. D., graphically written, profusely illustrated, admirably executed. It reveals wonderful secrets and contains startling surprises. It is free to you for the asking. This offer is absolute, genuine and without conditions. Send your name and address and receive the book by return mail without expenditure. It has brought success to thousands who have sent us such testimonials as these: REV. R. C. QUINN, D.D., Ph.D., Winn, Mo., says: "Your treatise is a revelation. It is far in advance of anything of the kind that I have ever seen." MRS. R. C. YOUNG, No. 312 Indiana St., Lawrence, Kan., writes: "Your instructions are worth more than all the previous reading of my life. The book is simply grand."
