**Teach by Mail with PERFECT SUCCESS**

My Original and Scientific Method of **PHYSIOLOGICAL EXERCISE**

without any apparatus whatever, and requiring but a few minutes' time in your own room just before retiring. By this condensed system more exercise can be obtained in ten minutes than by any other in two hours, and it is the only one which does not overtax the heart.

It is the only natural, easy and speedy method for obtaining perfect health, physical development and elasticity of mind and body.

If you will follow my instructions for a few brief weeks, I will promise you such a superior muscular development and such a degree of vigorous health as to forever convince you that intelligent direction of muscular effort is just as essential to success in life as intelligent mental effort.

Pupils are of both sexes ranging in age from fifteen to eighty-six, and all recommend the system. Since no two people are in the same physical condition, individual instructions are given in each case.
