GINSENG. By M. G. Kains. New York: Orange Judd Company. 1902. 16mo. Price 50 cents.

Ginseng is consumed by the Chinese in enormous quantities. The United States has been one of the chief sources of supply. Within recent years, however, our forests' supply of ginseng has been rapidly decreasing. As a result many attempts have been made to cultivate the plant. The writer has prepared what he considers a practical working manual of the methods, which have so far been found most adequate for the growth of the plant. The information presented has been gathered from many trustworthy sources.

The Mysteries of Hypnotism and Personal Magnetism Revealed

The American College of Sciences, of Philadelphia, Pa., has just published a remarkable book on Hypnotism, Personal Magnetism and Magnetic Healing. It is by far the most wonderful and comprehensive treatise of the kind ever printed. The Directors have decided, for a limited time, to give a free copy to each person sincerely interested in these wonderful sciences. It is the result of the combined effort of twenty of the most famous hypnotic specialists in the world. You can now learn the secrets of Hypnotism and Personal Magnetism at your own home, free.

Hypnotism strengthens your memory and develops a will of iron. It overcomes bashfulness, revives hope, stimulates ambition and determination to succeed and gives you that self-confidence which enables you to convince people of your real worth. It gives you the key to the inner secrets of mind control. It enables you to absolutely control the thoughts and actions of whomsoever you will. When you understand this grand and mysterious science, you can plant suggestions in human minds which will be carried out in a day or even a year hence. You can cure yourself of insomnia, nervousness and business or domestic worry.

You can instantaneously hypnotize people with a mere glance of the eye, without their knowledge, and powerfully influence them to do as you desire. You can develop, to a marvelous degree, any musical or dramatic talent you may have; you can increase your salary; you can develop your telepathic power; you can give thrilling and funny hypnotic entertainments; you can win the everlasting friendship of those you desire; you can protect yourself against the influence of others; you can become a financial success and be recognized as a power in your community.

The American College guarantees to teach you the secret of attaining all these things. It is the largest and most successful school of Hypnotism in the world. It is chartered by the State laws, and carries out every promise faithfully. If you want a copy of its free book, just send your name and address, no money, to the American College of Sciences, Dept. S H 14, 420 Walnut Street, Philadelphia, Pa., and you will receive it by return mail, postpaid.
