

Rambler

TOURING CARS

Motors actually develop 6 horse power in practice not in mere estimated strength. That makes the Rambler the most powerful motor car built for its size and weight.

The test of a motor is its efficiency—its actual, not its estimated horse power. Motor efficiency is only one of the Rambler points of excellence. Our illustrated catalogue tells of others. Let us send you a copy.

Thos. B. Jeffery & Co.
Kenosha, Wis., U. S. A.

THE INTERNATIONAL KEROSENE OIL ENGINE

is the most simple, compact and powerful ever constructed for practical purposes. Needs less attention, is less liable to get out of order and is cheaper to run than any engine manufactured. Simple, durable, economical and reliable. Nothing but ordinary Kerosene Oil required to run it. Safe and easily operated.

International Power Vehicle Co.,
STAMFORD, CONN.

ELECTRIC TRAVELERS

Crane Book M if you write

PAWLING & HARNISCHFEGER
162 Clinton St., Milwaukee, Wis.

Any stenographer can easily save twice her vacation time in a year by using

The Smith Premier Typewriter

in preference to any other.

It saves time

- In operating the machine.
- In putting in and taking out work.
- In making corrections.
- In cleaning type and hands.

Who pays for this time?
Better send to-day for our little book which explains typewriter truths you ought to know.
