It will make an old leaky roof absolutely waterproof. It will add ten years to the life of any roof, new or old. It stops and prevents rusting in tin or iron roofs and arrests and prevents decay in shingle roofs.

ROOF LEAK is put up in heavy liquid cement form and is applied as received. You will be surprised to learn how cheap you can make your old roof new or make your new roof last a lifetime. It will not crack in winter or soften in summer, and is highly FIREPROOF.

ROOF LEAK has been made and sold since 1898 and is increasing in popularity and use at an enormous rate. It is being used on the houses, barns and granaries of the farmers of the land, and on the beautiful homes and cottages of our cities. The roofs of mills, elevators, store buildings, factories, depots, roundhouses, hotels, churches and schoolhouses throughout the length and breadth of the land are being beautified, made whole and durable by ROOF LEAK.
