## SMALLEY

### MARINE GAS ENGINES

### "It Beats the Devil"

A customer writes us as follows: "It beats the devil what a man will sometimes do to save money. Two years ago I purchased an engine of —. The price was very low and I figured I would not be much out of pocket even if the engine was a failure, but I was wrong; I paid nearly twice the price of the engine trying to get satisfaction out of it. Neither could I get any satisfaction from the people who built the engine. I guess they figured they sold it so cheap they couldn't afford to pay postage answering my letters. Last year I was again attracted by another 'something for nothing' proposition and got sold again. I believe I now know the difference between a cheap motor and a good one. A number of your machines are used in boats here on the river and I know what they are. Send me your latest catalogue and I will place order within ten days for one of your 8 horse power double-cylinder engines."

The above letter is a fair sample of similar experiences that constantly come to our notice. Perhaps you are in the same boat. In any event, if you are interested in marine motors, send 10 cents in stamps and we will forward our 84-page handsomely illustrated 1905 catalogue. Address Dept. W.

# INTELLIGENT INVESTMENTS

## HOW SMALL INVESTORS CAN GET DOUBLE INTEREST

The safest investment of modern times yielding the best returns with absolute safety is the 6 Per Cent Real Estate Gold Bonds of the Jennings Real Estate Loan Company, of Chicago, Ill., a concern having a capital of \$1,000,000 and vouched for by the Chicago Title and Trust Company. This concern is looking for small

investors with \$100, \$200, \$500 or \$1,000, to whom it is selling a safe 6 per cent interest-bearing first mortgage bond. The interest is collected and remitted by the company to its investors. Loans are only made upon high-class real estate in Chicago and the character of the property may be judged by the accompanying illustration. Every bond issued by this company is secured by specific real estate, fully described. The Chicago Title and Trust Company guarantees each bond to be a first mortgage. Before any loan is made each piece of real estate offered as collateral is carefully appraised by the President of the company. The income in rentals is always four or five times the amount of interest on the mortgage.

Each bond may be sold separately or used as collateral for borrowing money, just as a railroad bond. Each bond carries 6 per cent interest and this chance for investment is positively the best and safest ever offered to the small investor. The fullest investigation asked and welcomed.

Write for further particulars—fourteen-page booklet containing photographs of buildings on which we have loaned money, sample bond and other valuable information concerning this company; also July pamphlet containing list of \$900,000 worth of mortgages and bonds which we own and offer for sale—which will be promptly sent on application to

Jennings Real Estate Loan Co., First National Bank Building, Chicago, Ill.
