Scientific American

A handsomely illustrated weekly. Largest circulation of any scientific journal. Terms, \$3 a year; four months, \$1. Sold by all newsdealers.

Branch Office, 235 F St., Washington, D. C.

BUILD YOUR OWN BOAT

By the Brooks System

If you can drive a nail and cutout a piece of material from a full-sized pattern—you can build a canoe—row-boat—sail-boat—or launch—in your leisure time—at home, and the building will be a source of profit and pleasure.

All you need is the patterns, costing from \$2.50 up, and materials, from \$5.00 up. The tools are common in every household.

The Brooks System consists of exact-size printed paper patterns of every part of the boat—with detailed instructions and working illustrations showing each step of the work—an itemized bill of material required and how to secure it.

Over 6,000 amateurs successfully built boats by the Brooks System last year. Fifty per cent. of them have built their second boat.

Catalogue and particulars free. For 25 cents, 100-page catalogue containing valuable information for the amateur yachtsman, showing several working illustrations of each boat, and a full set for one boat.

BROOKS BOAT MFG. CO. 412 Ship Street, Bay City, Mich., U. S. A.

"While There's Snow There's SKIING"

The happiest, healthiest, hours of winter will be those spent on "TAJCO" SKIERS.

Get a pair early and "slide, coast and leap into health and happiness." It has thousands of other enthusiastic skiers. Physicians recommend the sport of skiing.

THEO. A. JOHNSON CO., PORTLAND, MAINE.
