COOPER'S

Spring Needle RIBBED UNDERWEAR

Appeals to Men of Fine Habits in Dress.

It is particularly elegant and easy-fitting. It is made of the remarkably elastic Spring Needle fabric, which is knitted on machines of our own invention and manufacture. This peculiar elasticity is the source of the utmost

COMFORT AND SATISFACTION.

It prevents the usual bagging and disagreeable non-elastic stretch. Cooper's underwear from first to last maintains the same rich, silky feel and easy, comfortable and natural fit.

Union and two-piece suits in all weights and sizes—silicateen, cotton and wool.

Handsome Booklet on request.

Train Inspection

On the Lake Shore & Michigan Southern Ry.

At every division terminal all Lake Shore trains are inspected with the greatest care by a corps of skilled inspectors. No train is permitted to leave until every portion of it has undergone a most rigid examination for any defective part or place.

The clang of the hammer on the wheel, the flare of the torch searching out the dark places beneath the car are familiar objects to Lake Shore travelers, but few understand the exacting requirements of train inspection or the added safety it brings.

Night and day this unceasing watchfulness goes on.

There is nothing superior in America in travel facilities to those afforded by the Lake Shore & Michigan Southern Railway.

For information about your travel matters, address the undersigned.
