"In all the land, range up, range down, Is there ever a place so pleasant and sweet?"

THE 1000 ISLANDS

There may be somewhere on the earth a more delightful region than that of the Thousand Islands, but if there is, it has not been discovered. It is as fine as the Bay of Naples, with no danger of being buried in hot ashes. There are 2,000 picturesque islands scattered along the twenty-five miles of one of the most beautiful rivers in the world. You can find out a great deal regarding it in No. 10 of the "Four-Track Series," "The Thousand Islands," of the St. Lawrence River issued by the

A printed copy of the specification and drawing of any patent in the foregoing list, or any patent in print issued since 1863, will be furnished from this office for 10 cents, provided the name and number of the patent desired and the date be given. Address Munn & Co., 361 Broadway, New York.

Canadian patents may now be obtained by the inventors for any of the inventions named in the foregoing list. For terms and further particulars address Munn & Co., 361 Broadway, New York.

WINCHESTER

SHOTGUNS AND SHELLS

Winchester Repeating Shotguns and Winchester Shotgun Shells are just as reliable and satisfactory for bird shooting as Winchester Rifles and Winchester Cartridges are for big game hunting, and sportsmen know this means as perfect an equipment as can be made. You can spend a great deal more money for a shotgun than a Winchester will cost you, but you cannot get a better shooting or better wearing gun, no matter what you pay. Winchester "Brush" Shells are something new and desirable for bird shooting. They are so loaded that, without the sacrifice of velocity, penetration, or uniformity, they will make an open and even pattern at from 25 to 30 yards in choke bore guns. Winchester Guns and Winchester Shells are sold everywhere.
