26-in. Belt Power
32-in. Belt Power
36-in. Belt Power

ALSO
Hub Boxing and Spoke Tenon Machines, Forges, Drills and "Ohio" Feed and Ensilage Cutters

Manufactured by

THE SILVER MFG. CO.
SALEM, OHIO

McKELVEY CONCRETE MIXERS

are superior in output and more economical in operation than any other mixer made. The patented gravity shovel mixes the cement so thoroughly that a perfectly incorporated concrete is assured. The absence of complicated parts and the double strength steel drum give great durability. The long discharge spout and the low feed level permit the rapid feeding and removal of the mixed concrete. The drum is fed and discharged while in motion without changing the position. We manufacture Portable and Stationary Batch and Continuous Mixers for Hand, Horse and Steam Power. Write for catalogue.

BOYS!

Can You Throw A Curve?

I can teach you by mail how to throw 32 different kinds and to have absolute control over them—Out-shoots, In-shoots, Raise-shoots, Drops, and the famous "Spit-ball."

MY SYSTEM OF TEACHING BASE BALL is based on scientific principles—the result of 25 years' experience in the game. I guarantee results. I pitched for the Chicago Nationals under Capt. Anson and other noted teams, and have the greatest pitching record in the profession. Write for Booklet "The Road to Success." Address

TED KENNEDY, 504 Olive St., St. Louis, Mo.

A printed copy of the specification and drawing of any patent in the foregoing list, or any patent in print issued since 1863, will be furnished from this office for 10 cents, provided the name and number of the patent desired and the date be given. Address Munn & Co., 361 Broadway, New York.

Canadian patents may now be obtained by the inventors for any of the inventions named in the foregoing list. For terms and further particulars address Munn & Co., 361 Broadway, New York.

SENSITIVE LABORATORY BALANCE.
By N. Monroe Hopkins. This "built-up" laboratory balance will weigh up to one pound and will turn with a quarter of a postage stamp. The balance can be made by any amateur skilled in the use of tools, and it will work as well as a \$125 balance. The article is accompanied by detailed working drawings showing various stages of the work. This article is contained in **SCIENTIFIC AMERICAN SUPPLEMENT, No. 1154.** Price 10 cents. For sale by **MUNN & Co., 361 Broadway, New York City,** or any bookseller or newsdealer.

Thirty years ago I made my first public appearance at the Centennial Exposition at Philadelphia. I was a stranger then. People took away specimens of my writing as curiosities. Today everybody knows me and these specimens fill the mail cars.

Every one of my thirty years has been a year of progress—both in quality and sales. The year 1906 is emphasizing my supremacy—*my sales for the first quarter breaking all existing records.*

Today I am the oldest and still the newest. Not that I was first am I best, but that I am best am I first. I am the product of the second generation of Remington artianship. My New Models represent of the old combined with the progressiveness of the new. In my present form I embody all the qualities which have made me famous—plus improvements so fundamental as to create a new standard of typewriter work.
