

**SOLDER IT YOURSELF**  
 Mend any kind of metal. Requires no skill. No dirt, no trouble. Just heat around the hole or joint and rub on Solderene. Better and stronger than solder. For 25c and name of your hardware dealer we will send two sticks, sufficient for 500 mends. Full directions. Agents make \$10 per day. Write. Solderene Co., Dept. H, Exchange Bldg., Boston.

**DETROIT AUTO-MARINE Motor** New Model 1906  
 The Smoothest Thing That Runs

Noise, Friction and Uncertainty reduced to a minimum. The result of a high standard of manufacturing—means every piece of metal tested—not by rule of thumb, but by scientific methods, on a testing machine built for the purpose.  
 From foundry to user, the DETROIT AUTO-MARINE MOTOR passes in its various stages under one organization head.  
 We are making 10,000 Auto-Marine Gasoline engines this year, not merely assembling parts made in various factories.  
**WE MANUFACTURE THE MOTOR COMPLETE AND GUARANTEE EVERY MOTOR WE MAKE**  
 1 1/2 H. P., \$33.15. Engine only  
 3 H. P. will develop 4 H. P., \$44.00. Engine only

For stationary power purposes, we equip these engines with the Auto Adjustable Governor, at an addition of \$5—making one of the most satisfactory gasoline engines for power purposes built.  
 Write for Catalog describing Auto-Marine Motors 1 to 20 H. P. and Auto Adjustable Governor.  
**DETROIT AUTO-MARINE CO.**

A printed copy of the specification and drawing of any patent in the foregoing list, or any patent in print issued since 1863, will be furnished from this office for 10 cents, provided the name and number of the patent desired and the date be given. Address Munn & Co., 361 Broadway, New York.

Canadian patents may now be obtained by the inventors for any of the inventions named in the foregoing list. For terms and further particulars address Munn & Co., 361 Broadway, New York.

**The Solution of Perfect Sanitation**

is exemplified in the SY-CLO Closet, the construction and action of which ends at once all the subtle dangers of disease-raising from improper cleansing; the escape of sewer gas; the absorption of poison by the material of which common closets are made (iron for instance) and the gradual discoloration of those interior parts which furnish a prolific breeding-ground for millions of death-dealing bacilli.

Examine your closet; if it is made of enameled iron or has just an ordinary flush, discard it at the first opportunity for a SY-CLO. Your doctor pays the bill. If you are building a house or buying one, insist on SY-CLO Closets with the trade mark name burned in the china. The fact that

The action of the SY-CLO is two-fold. Besides the copious flush of water, there is an irresistible syphonic action, which, like a powerful pump, literally pulls the contents through the outlet channel, cleansing, scouring, polishing as it goes, leaving the INSIDE of the pipe as clean and smooth as a china bowl. And this is a truism because the SY-CLO is solidly constructed of china—pure white china—without joint or break or rough place inside or out to furnish lodgment for dirt or disease germs.

Closets cost but little more than other closets—that, with ordinary care, they will last as long as the house in which they are installed, leaves no further excuse for sewer sickness. Ask the plumber. A book on "Household Health" mailed free, if you send the name of your plumber.

Lavatories of every size and design made of the same material, and on the same principle, as the SY-CLO.
