

I. H. C.

Gasoline Engines

Just a little investigation and comparison with others will show their superiority. Strength, Simplicity, Efficiency and Economy are the distinguishing marks of every I. H. C. power. Adapted to use in shops of all kinds, pumping, industrial plants, experiment stations, etc. Horizontal, Vertical, Portable types. Sizes from 2 to 15 horse power. Write for catalogue.

International Harvester Company of America
(Incorporated)
70 Monroe Street, Chicago, Ill.

Leader MARINE ENGINES

Are the most symmetrical in design, accurately constructed of any marine engine made.

The designer of "Leader Engines" has had 20 years of ACTUAL PRACTICAL experience in building automobile and marine engines—each part of every engine is made under his personal supervision—A STRONG DURABLE ENGINE with all parts absolutely INTERCHANGEABLE. 1-2 H. P., only \$75.00 complete ready to install in any launch.

The lowest in Price for actual H. P. developed of any engine made.

Write for our new catalogue—MAILED FREE. It explains gas engines more thoroughly than any other and tells why we can make a good engine at a small price.

A printed copy of the specification and drawing of any patent in the foregoing list, or any patent in print issued since 1863, will be furnished from this office for 10 cents, provided the name and number of the patent desired and the date be given. Address Munn & Co., 361 Broadway, New York.

Canadian patents may now be obtained by the inventors for any of the inventions named in the foregoing list. For terms and further particulars address Munn & Co., 361 Broadway, New York.

REMINGTON

CENTENNIAL EXPOSITION

THIRTY years ago I made my first public appearance at the Centennial Exposition at Philadelphia. I was a stranger then. People took away specimens of my writing as curiosities. To-day everybody knows me and these specimens fill the mail cars.

Thirty years ago I was the only writing machine. To-day my showrooms envelop the earth, and, while I have ninety and nine imitators, I am still first—first in quality and first in output.

Every one of my thirty years has been a year of progress—both in quality and sales. The year 1906 is emphasizing my supremacy—my sales breaking all existing records.

To-day I am the oldest and still the newest. Not that I was first am I best, but that I am best am I first. I am the product of the second generation of Remington genius and artanship—made and sold by men born and bred in typewriter atmosphere. My New Models represent age plus youth—the experience of the old combined with progressiveness of the new. In my present form I embody all the qualities which have made me famous—with improvements so fundamental as to create a new standard of typewriter work.
