A printed copy of the specification and drawing of any patent in the foregoing list, or any patent in print issued since 1863, will be furnished from this office for 10 cents, provided the name and number of the patent desired and the date be given. Address Munn & Co., 361 Broadway, New York.

Canadian patents may now be obtained by the inventors for any of the inventions named in the foregoing list. For terms and further particulars address Munn & Co., 361 Broadway, New York.

Rambler

The Car That Is Right

Right side Model 15. Motor showing valve mechanism.

Motor power is commonly rated by calculations based on cylinder capacity, gauge tests, etc.

Through faulty design, poor valve action and overheating, the actual power often falls far below this rating.

The Rambler motors are fitted with overhead valves of ample size and opening. This results in quick clearance of exhaust gas, which assures a full charge of fresh vapor and a cool engine.

The workmanship is of the same high class that has characterized all Rambler Models.

Model 15, the leader of the 1906 line, is a powerful touring car, with 35-40 horse power motor, and every modern feature in power, plant and equipment.

Full details of this and five other models in the second edition of our 1906 catalogue which is at your service.

Main Office and Factory, Kenosha, Wis.

Branches:
Chicago, Milwaukee, Boston, Philadelphia, San Francisco,
New York Agency, 38-40 W. 62nd St. Representatives in all leading cities.
