Advertisement for water works. GRAND JUNCTION, COL., Nov. 24, 1906. Sealed proposals will be received by the City Council of the City of Grand Junction, Colorado, until eight o'clock P. M. Saturday, November 28th, 1906, for furnishing material and constructing the Kannah Creek pipe line and distributing reservoirs. The work will consist of a wooden stave pipe line 19.8 miles long, varying in size from 12 inches to 22 inches in diameter, with head works, settling tank, regulating and relief valves, and re-inforced concrete distributing reservoirs, having a capacity of five million gallons. Bids will be received for both wire wound, and continuous wooden stave pipe, except for the twelve-inch pipe which shall be wire wound. Plans may be seen, and specifications obtained at the office of the City Clerk of Grand Junction, Colorado, or at the offices of Willard Young and Frank C. Kelsey, Civil Engineers, Salt Lake City, Utah. A bond furnished by a surety company will be required for twenty per cent. of the contract price. The time stated in the proposal for completing the work will be considered in awarding the contract. The right is reserved to reject any or all bids or to award separate contract for the pipe line and for the reservoirs. JOHN M. CONLEY, City Clerk.
