Orient Friction Drive Buckboard
\$400

World's Champion Motor Car

In the New York Efficiency Contest, May 5th, the two Orient Buckboards entered broke all existing records, one car going 94 miles, the other 106.6 miles, each on two gallons of gasoline. No stops made for repairs or adjustments. This unequalled performance places the Orient first in efficiency, economy and endurance. Peerless in construction, smartest in appearance—4 H. P. Air Cooled, numerous speeds, forward and reverse—absolutely dependable for all-round road work—level roads—hills, sand or mud. Catalogue free with full information. Agents wanted in unassigned territory.

SENSITIVE LABORATORY BALANCE
By N. Monroe Hopkins. This "built-up" laboratory balance will weigh up to one pound and will turn with a quarter of a postage stamp. The balance can be made by any amateur skilled in the use of tools, and it will work as well as a \$125 balance. The article is accompanied by detailed working drawings showing various stages of the work. This article is contained in SCIENTIFIC AMERICAN SUPPLEMENT, No. 1184. Price 10 cents. For sale by MUNN & Co., 361 Broadway, New York City, or any bookseller or newsdealer.

Canadian patents may now be obtained by the inventors for any of the inventions named in the foregoing list. For terms and further particulars address Munn & Co., 361 Broadway, New York.

Sy-CLO
TRADE MARK

The Mark of Closet Sanitation

What disinfection means to the surgeon—what vaccination means to the public health—all that and more does the Sy-CLO Closet mean to the sanitation of the home. The Sy-CLO is more than the best closet—it is a wonderfully efficient and perpetual safeguard of health.

Unlike the ordinary closet, the Sy-CLO has a double cleaning action. Instead of being merely flushed, its bowl is instantly and completely emptied by a powerful syphonic pull from below, and at the same time, thoroughly washed by a copious flush of water from above. The outlet of the Sy-CLO closet is closed by a water seal of unusual depth, that makes the escape of sewer gas impossible.

Being of a single piece of hand moulded china, the Sy-CLO is without crack, seam or crevice that might collect impurity and furnish a breeding place for germs of disease.

The Sy-CLO closet has no surface to chip off or crack, is not affected by acid, water, or wear, and with ordinary care, will outlast the building in which it is installed.

The name "Sy-CLO" on a closet guarantees that it is made under the direction and supervision of the Potteries Selling Company, of the best materials, and with the aid of the best engineering skill, and has the united endorsement of eighteen of the leading potteries of America.

Booklet on "Household Health" sent free if you mention the name of your plumber.

Lavatories of every size and design made of the same material as the Sy-CLO Closets.
